Proceedings of the Institution of Civil Engineers Minutes of Proceedings of the Institution of Civil Engineers Proceedings - Institution of Civil Engineers Proceedings of the Institution of Civil Engineers The Channel Tunnel Includes supplements.

A Biographical Dictionary of Civil Engineers in Great Britain and Ireland Thomas Telford

The seven refereed papers in this special issue of ICE Proceedings cover the planning, design and construction of the UK terminal buildings of the -u10 billion Channel Tunnel project. Written by senior members of the project team, the papers place the terminal in context with other surface works and describe its development from concept to construction. Emphasis is given to the complex relationships which existed between the many statutory bodies, interested parties and local populations together with the responses made to concerns on environmental issues.

Proceedings - Institution of Civil Engineers Thomas Telford

New Civil Engineer

This biographical reference work looks specifically at the lives, works and careers of those individuals involved in civil engineering whose careers began before 1830.

Indian Engineering

The first history of the Institution of Civil Engineers (ICE) to be fully illustrated in colour looks at the development of the profession over nearly 200 years, charting the successes of construction from the great engineering advances of Victorian times to the Channel Tunnel Rail Link.

Transactions

The award-winning -u300 million privately funded Second Severn Crossing opened on time and to budget in June 1996. The new 5 km crossing - just south of the 30-year-old Severn Bridge - carries a further six lanes of the M4 motorway over the treacherous Severn Estuary. The papers in this special issue are written by engineers from the Anglo-French design and construction joint venture and will cover project management, planning and construction logistics, design-construction interfaces, marine operations and construction of the central 456m cable-stayed bridge and 45-span precast concrete approach viaducts.
