if you are purchasing at least one
textbook.

As I said with nursing you
need to be up to date; things
change so quickly in nursing
and if you've bought an older
book simply because it was
cheaper it might not be using
at the most up-to-date nurse
guidelines, for example or NMC
code of conduct, so it really
isn't gonna help you very much
and in essays and assignments,
you need to be using the most
up-to-date sources.
