Kindly say, the intellipad android tablet manual is universally compatible with any devices to read

Intellipad App | OT's with Apps & Technology

The stock Android method of adding a Home screen page is to drag an icon left or right, just as though you were positioning that icon on another Home screen page. When a page to the left or right doesn't exist, the tablet automatically adds a new, blank page. Other tablets may be more specific in how pages are added.
