Intercultural Communication: The Hofstede Model One of the most widely used frameworks for analyzing cultural differences is the model developed by the eminent cultural theorist, Geert Hofstede. In this model, the differences in culture between countries have been plotted along five dimensions, which can be used as the basis for predicting the cultural differences between different

countries.

E Study Guide For Understanding

Intercultural Communication

A study of intercultural communication, all call the social science approach, based on the assumptions that 1. there is a describable, external reality, 2. human behaviours are predictable, and 3. culture is a variable that can be measured.

Intercultural communication
- Wikipedia

How to improve

Intercultural

Communication ? While
conversing / communicating
with an audience that is not

of a similar culture, one must thoroughly research about the culture of the other party. This will reduce the chances of making sensitive remarks and hence can avoid confusion. Slangs and idioms should be avoided.
