Marine Painting

Brian Oliver
Ships and the sea have been an inspiration to artists since the earliest of times, as paintings by ancient Egyptians, Greeks, and Romans testify. This book by a noted maritime artist and teacher will serve as an excellent guide for

beginners and intermediate painters. And for would-be artists interested in going beyond the painting of ships, there are other subjects to consider: beaches, fishing villages, the surf, a rocky coastline, and the open sea. The first painter's manual to cover such a wide variety of maritime subjects, this volume offers something for

everyone—some technical details and ideas as well as what to do and what not to do.

There's an abundance of practical advice on portraying a vast number of subjects—from docks, sea gulls, fishermen and their vessels to close-ups of ships' hulls, masts, and rigging. Useful tips on perspective, composition, and reflections (the hardest

element in a marine setting to reproduce) are accompanied by diagrams and drawings, while step-by-step guidelines help artists capture the essence of an ocean scene and inject more realism into their work.

Boats require constant care. Any boater who doesn't know the difference between a silicone-modified alkyd

enamel and a one-part urethane needs this book for its invaluable advice on: * How to save money with generic substitutes *

Product

recommendations for every job *

Keeping weekly, monthly, and seasonal maintenance schedules

Boating Walter

Foster Publishing

Artists who love the sea and dream of capturing every aspect of its beauty will treasure this lavishly illustrated guide to painting boats, skies, and picturesque

harbors. Written by an award-winning artist and teacher with decades of experience in the genre, this step-by-step guide covers every topic from art materials and equipment through composition and painting techniques.

Seasoned artists and novices alike will appreciate the author's simple, yet authoritative style. In clear, nontechnical language, he discusses the structure of boats, offers advice on choosing a subject to paint, and shows how to avoid the pitfalls that can

await painters of the sea. On its own, or as a companion volume to Ballinger's *Painting Surf and Sea*, this volume will inspire any artist with the desire to produce beautiful seascapes.

Includes eighty-five black-and-white illustrations and an eight-page insert with nine color illustrations.
