Mindapples 5 a Day for a Happy, Healthy Mind
Oxford University Press

W. E. B. Du Bois was a public intellectual,

sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, *In Battle for Peace* frankly documents Du Bois's experiences following his attempts to mobilize Americans against

the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial-he was later acquitted-and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this edition is essential for anyone interested in African American history.

The Vindico Orchard Books

What can you make with foam and a glue stick? Anything you want! Everything is included: a 20-page book full of great foam art ideas, and a zip-up bag (16 x 10cm) chock full of pre-cut foam pieces of all different sizes, shapes and colours.

Because of the small parts included, this product is not suitable for children under three years old.

Pocket Genius: Space Penguin

The Flash Points sourcebook provides descriptions of exotic global hot spots of warfare and intrigue that enable Shadowrun gamemasters to take their campaigns beyond the usual metroplex streets. Each locale description contains extensive background, profiles of important characters, and suggested player missions far beyond the usual Shadowruns -- which provide gamemasters and players with unprecedented control over the events of their Shadowrun universe and the destinies of their characters.

Graced by Waters Candlewick Press

Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game

that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and Baseball Haiku captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball

playing, Baseball Haiku reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does Baseball Haiku evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, Baseball Haiku is an extraordinary treasure for any true baseball fan.

Saxon Math 3 Contemporary Books
Mendoza the Jew combines a graphic history with primary documentation and contextual information to explore issues of nationalism, identity, culture, and historical

methodology through the life story of Daniel Mendoza. Mendoza was a poor Sephardic Jew from East London who became the boxing champion of Britain in 1789. As a Jew with limited means and a foreign-sounding name, Mendoza was an unlikely symbol of what many Britons considered to be their very own "national" sport.

One Hundred and Fifty Years of Transcontinental Railroading Hamlyn

From marvelous galleries of the Big Dipper, Little Dipper and other constellations to in-depth looks at Mercury, Venus, Earth, Mars, Saturn, Uranus, and Neptune and to the moons of Jupiter, comets, and galaxies--not to mention entries on rockets and spacecraft--DK's Pocket Genius: Space opens up the vast and mysterious expanse of space. What is a nebula? Why does an eclipse occur? How does a telescope work? Featuring more

than 170 planets, stars, rockets, and rovers, Pocket Genius: Space answers the questions young readers want to know. Catalog entries include facts provided at-a-glance information, while locator icons offer immediately recognizable references to aid navigation and understanding, and fact files round off the ebook with fun facts such as record breakers and timelines. Each mini-encyclopedia is filled with facts on subjects ranging from animals to history, cars to dogs, and Earth to space and combines a child-friendly layout with engaging photography and bite-size chunks of text that will encourage and inform even the most reluctant readers.

GSE Algebra I Penguin

The sequel to the acclaimed novel Shinju again features detective Sano Ichiro as he trails a serial killer stalking feudal Japan. In 1689, an all-powerful shogun controls the state, surrounded by bitter machinations and political intrigues. When an ancient tradition suddenly and brutally reappears,

Sano risks everything to bring the killer to justice. “Bundori is terrific. . . . So good you won’t want to put it down, even to get off a plane. . . . [Laura Joh] Rowland hits her stride as a writer who can deal equally well with the pacing of plot and the nuances of character development. . . . Rowland clearly knows how to build suspense and action, a talent that she demonstrates with great skill.”—New Orleans Times-Picayune “Bundori is one of those mysteries in which the itch to find out whodunit recedes before the pleasure of prowling through a different world.”—Washington Post Book World “Sano may carry a sword and wear a kimono, but you’ll immediately recognize him as an ancestor of Philip Marlowe or Sam Spade.”—Denver Post “A colorful pictorial style that conveys . . . excitement

and . . . danger.”—The New York Times Book Review

Thirteen Graphic Novelists Talk Story, Craft, and Life Outside the Box Houghton Mifflin Harcourt

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

After Promontory Oxford University Press

In this inspirational and humorous collection of essays, author John Dietsch sees his addiction to and passion for fishing as a parable that can help us shift from compulsive thinking to mindfulness and a closer connection to God. From creating fishing scenes on the set of *A River Runs Through It* in Montana, to directing fly fishing shows in New Zealand and from exploring deep canyons in California to guiding in Colorado, John shares his experiences and asks the question: what are we really fishing for? Through John’s journeys across the

globe, we discover that the same pursuit in fishing—of what is elusive but attainable—can be applied to our own spiritual journey. In the end, Dietsch uncovers his own truth under the rocks of a childhood river, recognizing the loss of both his brothers as the path of acceptance and faith that is graced by waters.

The Foam Book Princeton Review
Celebrating the sesquicentennial anniversary of the completion of the first transcontinental railroad in the United States , *After Promontory: One Hundred and Fifty Years of Transcontinental*

Railroading profiles the history and heritage of this historic event. Starting with the original Union Pacific—Central Pacific lines that met at Promontory Summit, Utah, in 1869, the book expands the narrative by considering all of the transcontinental routes in the United States and examining their impact on building this great nation. Exquisitely illustrated with full color photographs, *After Promontory* divides the western United States into three regions—central, southern, and northern—and offers a deep look at the transcontinental routes of each one. Renowned railroad historians Maury Klein, Keith Bryant, and Don Hofsommer offer their perspectives on these regions

along with contributors H. Roger Grant
and Rob Krebs.
