Like its previous editions, the Seventh Edition of Accounting Theory presents complex materials in a clear and understandable manner. Incorporating the latest accounting standards and presenting the most up-to-date accounting theory from the top academic journals in accounting and finance throughout the world, this book comprehensively presents both the theoretical structure of accounting theory as well as the politics of the standard-setting process, which often opposes the theoretical structure. Key Features: - A reorganized table of contents with a thoroughly revised chapter on International Accounting (Chapter 10) - Discussion of the conceptual framework of the IASB (Chapter 7) - An emphasis on principles-based standards as opposed to rules-based standards - More theoretical issues are related to real world examples coming from the popular news media. - New questions, cases, problems, and writing assignments--many from corporate annual reports. - An Instructor's Resource CD includes answers to end-of-chapter materials, chapter summaries, test banks, and PowerPoint slides.

Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future. To understand a business, you have to understand the financial insides of a business organization. Through a focus on accounting transactions, real-world problem-solving, and engaging industry examples, Weygandt Financial Accounting, 11th edition demonstrates how accounting is an exciting field of study and helps connect core financial accounting concepts to students' everyday lives and future careers. Continuing to help students succeed in their introductory financial accounting course for over two decades, this edition brings together the trusted Weygandt, Kimmel, and Kieso reputation with fresh, timely, and accurate updates to help build confidence and engage today's students.

[Intermediate Accounting Prentice Hall](#)

Intermediate Accounting, 3e, by Spiceland/Sepe/Tomassini will gain support in traditional and technology-driven accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.
