### Financial Accounting Theory and Analysis John Wiley & Sons

David Spiceland, Wayne Thomas and Don Herrmann have developed a unique text based on over 50 collective years of experience in the classroom. They've brought together best practices like highlighting Common Mistakes, offering frequent Let's Review exercises, integrating the course with a running Continuing Problem, demonstrating the relevance of the course to non-majors with a Career Corner, and communicating it all in a student-friendly Conversational Writing Style. The new 2nd edition of Financial Accounting, Spiceland, Thomas, Herrmann, has been developed with feedback from over 330 reviewers and focus group participants from across the country. The following list of changes and improvements is a testament to the many hours that reviewers spent analyzing the 1st edition, helping make Financial Accounting, 2nd edition, the best book of its kind.

**Advanced Accounting 13E (Bound)** Pearson Higher Ed Concepts, methods, and issues in calculating the fair value of intangibles Accounting for Goodwill and Other Intangible Assets is a guide to one of the most challenging aspects of business valuation. Not only must executives and valuation professionals understand the complicated set of rules and practices that pertain to intangibles, they must also be able to recognize when to apply them. Inside, readers will find these many complexities clarified. Additionally, this book assists professionals in overcoming the difficulties of intangible asset accounting, such as the lack of market quotes and the conflicts among various valuation methodologies. Even the rarest and most problematic situations are treated in detail in Accounting for Goodwill and Other Intangible Assets. For example, the authors analyze principles for identifying finite intangible assets and appropriately accounting for amortization expenses or impairment losses. Using the information in this book, the results of these calculations can also be reported with precision on financial statements. These topics are especially important for ensuring the success of any asset acquisition or business combination. In these special cases, the utmost accuracy is essential. This book provides: Rules for identifying and recognizing intangible assets in business combinations and asset acquisitions Guidance on the accurate valuation and carrying amount calculation of acquired and self-created intangibles Tips for overcoming the challenges unique to intangible assets, including impairment testing Clear instructions for disclosing intangible assets, goodwill, and amortization expenses Accounting for Goodwill and Other Intangible Assets is an indispensable reference for valuation students and specialists. Ervin L. Black and Mark L. Zyla provide thorough instructions for understanding, accounting for, and reporting this challenging asset class.

Intermediate Accounting John Wiley & Sons

Intended for use in an introductory finance course, this textbook emphasizes the skills needed to make good financial decisions. It outlines fundamental concepts and provides detailed discussions of topics like securities, corporate valuation, strategic investment, and working capital management. Two CD-ROMs contain displays, tools kits, models, files, spreadsheets, and reference materials. Brigham teaches at the University of Florida. Ehrhardt teaches at the University of Tennessee. Distributed by ISBS. c. Book News Inc.

Loose Leaf for Introductory Financial Accounting for Business McGraw Hill Professional

Learning Financial Accounting can often feel like learning a foreign language to students, in particular when terminology and procedure is piled on before core concepts are truly mastered. Introductory Financial Accounting for Business is an innovative approach that emphasizes critical thinking over the rote memorization of terms, such as "debits" and "credits". The sequential learning model employed by the authors helps students see the bottom-line consequences of financial statements as it relates to the overall business, better preparing them for careers as accountants, entrepreneurs, and decision-makers. The authors focus initially on conceptual underpinnings -- the reasons why we approach procedures the way we do -- rather than confusing students by front-loading

the material with over-complicated details. Author Chris Edmonds has also created a highly popular and widely used series of video lectures, which engage students by clearly and charismatically going over each learning objective in a conversational style. These videos help reinforce important lessons and are always available for review. By developing this stronger foundation, students understand Accounting ideas more broadly and are able to ultimately learn procedural applications more quickly and accurately. With a straightforward writing style and highly engaging video lectures, this dynamic author team leads students down a streamlined learning path focused on critical thinking, clarity of concept, and applicability of material to the real world.

Introduction to Governmental and Not-for-profit Accounting John Wiley & Sons

Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future. Note: You are purchasing a standalone product; MyAccountingLab does not come packaged with this content. Students, if interested in purchasing this title with MyManagementLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.
