Intermediate Accounting
Irwin Professional Pub
Intermediate Accounting by
Donald Kieso, Jerry
Weygandt, and Terry
Warfield has always been,
and continues to be, the gold
standard. Through significant
updates, the 18th Edition
presents a refreshed,
accessible, and modern
approach with new
perspectives that help
connect students to the what,
the why, and the how of
accounting information. In
the intermediate accounting
course, it can be difficult for
students to understand the
technical details and retain
and recall core course topics.
To move beyond basic
understanding, students work
through new integrated
practice right at the point of
learning and high-quality
assessment at varying levels,
helping them to learn

concepts more efficiently and
create connections between
topics and real-world
application. Throughout the
course, students also work
through various hands-on
activities including Critical
Thinking Cases, Excel
Templates, and Analytics in
Action problems, all within
the chapter context. These
applications help students
develop an accounting
decision-making mindset and
improve the professional
judgement and
communication skills needed
to be successful in the
profession. With Intermediate
Accounting, 18th Edition,
you will be able to spark
efficient and effective learning,
help create the bridge to
student success, and inspire
and prepare students to be the
accounting professionals of
tomorrow.

Intermediate Accounting, Chapters 1-14 , Self-Study Problems/Solutions Book

Volume John Wiley & Sons Incorporated

The bestselling book on intermediate accounting, Kieso is an excellent reference for practicing accountants and an

invaluable resource for anyone entering the field. It integrates FARS/Codification exercises, cases, and simulations into the chapters. This introduces readers to the codification project. They'll learn how to leverage everyday accounting programs like Excel, GLS, and other computerized accounting software giving them a strong background in the tools needed in the accounting profession. New and existing content is arranged in a way to offer accountants a chance to review key concepts. New to This Edition: NEW IFRS content: Intermediate Accounting, 13e, includes, in 20 of the 24 chapters, a "Convergence Corner" feature that demonstrates to readers how international financial reporting standards apply to the main topics of

the chapter. * Updated Appendix 24B provides a complete discussion of the international accounting and reporting environment, with the latest convergence developments. * Quick-hitting International Insights in the margins compare or contrast international standards with a point under discussion in the nearby text. * New end-of-chapter Questions in each chapter focus on international standards introduced in the chapter. These questions are marked with an icon for easy reference. * International Reporting Cases ask readers to analyze financial statements of international companies and apply analysis with the application of international standards. Updated Fair Value discussions: Fair value has been expanded at both the introductory level in Chapter 2 and in

subsequent chapters where appropriate. The more thorough discussion in Chapter 2 lays the groundwork for expanded discussions in later chapters. The result is a solid understanding of fair value in the accounting profession today. FASB Codification: This edition integrates the new FASB Codification throughout. References to the accounting pronouncements replaced by a numbering system in each chapter linked to the new Codification. A list of Codification references at the end of each chapter links the bracketed numbers from the text to the Codification; this list also includes a reference to the preceding literature, for easing the transition to the new system. In addition, a handful of quick exercises in each chapter give readers opportunities for practice and simple research in the Codification. Revised End-of-Chapter Material: Names, numbers, and dates in all end-of-chapter materials, including brief exercises and problems, have been changed. Expanded CPA-prep Professional Simulations: Now be offering a complete online Wiley CPA prep course electronically. Updated real-world focus: This edition contains many new chapter-opening stories and “What Do the Numbers Mean?” boxes. Such applications join theory and practice, and demonstrate to readers the use of accounting in today’s business world.
