---

Chapters 1-14, 15th Edition  
Intermediate Accounting  
While many texts characterize themselves as having either a “user” approach or a “preparer” approach, Williams’ Financial Accounting is written for faculty who want to strike a balance between these approaches. Business majors will find relevance in the “Ethics, Fraud & Corporate Governance,” “Your Turn” and “Case in Point” boxes throughout the chapters while accounting majors will receive a firm grounding in accounting basics that will prepare them for their intermediate course.

*Public Utilities Reports* Emerald Group Publishing  
Introduce students to the essentials of cost accounting using the clear, concise and practical approach in **PRINCIPLES OF COST ACCOUNTING, 17E**. The book's unique 10-chapter format provides a thorough understanding of cost concepts, cost behavior, and cost accounting techniques as applied to manufacturing and service businesses. The authors ensure students master fundamentals before progressing to more complex topics. Students begin with job order costing, and advance to process costing before delving into specialized topics, such as budgeting, standard costing and variance analysis, costing for service businesses, and cost

---

analysis for management decisions. The book introduces concepts in small, manageable sections that are immediately reinforced with proven questions, demonstration problems, exercises, and self-study quizzes. Updated examples and current data keep the content relevant to today's times. Students learn how to determine the costs of products and services and set selling prices. Students also discover how to bid on products and analyze the relative profitability of products and services. In addition, the book teaches how to measure the performance of managers, design an accounting system, and use accounting to further organizational goals. Count on **PRINCIPLES OF COST ACCOUNTING**, 17E for the most logical,

relevant approach to your cost accounting course. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Intermediate Accounting Wiley Intermediate Accounting by Kieso, Weygandt, and Warfield is, quite simply, the standard by which all other intermediate texts are measured.

Kieso Intermediate Accounting Cengage Learning

Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand

the current standards, they will be able to analyze and interpret changes in the future. Note: You are purchasing a standalone product; MyAccountingLab does not come packaged with this content. Essential knowledge of International Financial Reporting Standards for students of global accounting This important work provides the tools global accounting students need to understand international financial reporting standards (IFRS) and how they are applied in practice. This text emphasizes fair value, proper accounting for financial instruments, and new developments in international accounting. By presenting IFRS in light of current accounting practice, this book helps students gain practical knowledge of the topic that they can apply as they

advance into their global accounting careers. With this revised and updated Fourth Edition, students will develop a firm conceptual understanding of IFRS, as well as the ability to integrate their learning through practical exercises. Throughout this text, Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, discussing the ongoing joint convergence efforts to resolve them.

Comprehensive, up-to-date, and accurate, Intermediate Accounting IFRS includes proven pedagogical tools designed to help students learn more effectively. Comprehensively covers the latest International Financial Reporting Standards and how they are applied in practice Takes a comparative approach to help students understand the differences between IFRS, U.S. GAAP, and other important standards Emphasizes practical application of knowledge

---

with end-of-chapter Review and Practice sections Provides authoritative references and citations to ensure content reliability and provide opportunities for further study Includes access to video walkthroughs, interactive content, and digital resources to support student engagement and ensure positive learning outcomes As IFRS gains broad acceptance around the world, students of global accounting will need to be intimately familiar with these standards, and prepared to keep up with the rapid changes in the international environment. Intermediate Accounting IFRS answers to these pressing needs, making it the clear choice for accounting courses at the intermediate level.
