by Spiceland/Sepe/Tomassini will gain support in traditional and technology-driven accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages

less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.

IFRS. While maintaining its reputation for accuracy, comprehensiveness, and accessibility, Intermediate Accounting drives results by helping students build professional competencies through reliable problem material.

Wiley

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Intermediate Accounting John Wiley & Sons
