Algebra: Functions

& Authentic ...

The Lehmann series uses authentic data to model concepts and teach the math. Data sets are updated to be as current and relevant as possible; 172 data sets in examples and exercises have been augmented to include recent years, and 150 data sets have been replaced with more compelling and timely topics such as immigration, national health care, and trust in the mass media. 9780321620958: Intermediate Algebra: Functions & Authentic ...
