Metaphorical Journeys Through 17 Countries John Wiley & Sons
Mike Peng and Klaus Meyer have direct, first-hand, experience of researching and teaching in Europe, Asia and North America. This combined experience makes them uniquely qualified to write this textbook, which offers a comprehensive and accessible introduction to international business that starts from Europe but ultimately encompasses the globe. The text's comprehensive coverage is accessibly arranged around one central question and two core perspectives. The central question is a what determines the success and failure of firms around the globe? Institutional and resource-based perspectives are utilised to answer this question. Throughout the text the very latest scholarly research is used to facilitate successful learning of the key concepts, in order to engage students with the historical context and recent global developments. International Business has been shortlisted for the 2011/12 CMI Management Book of the Year award in the ebook category. More information about the CMI and the competition can be found here <http://yearbook.managers.org.uk/index5.htm>.

Theory and Practice Routledge

The limited number of global or international strategy textbooks almost exclusively focuses on how to manage larger, multinational enterprises (MNEs), which primarily come from and compete in developed economies. While MNEs are important, such a focus ignores the fact (1) that many smaller, entrepreneurial firms have also aggressively internationalized recently and (2) that MNEs often have to compete in emerging economies, which increasingly nurture strong local competitors.

Most mainstream strategic management textbooks, while seeming to address the hot theme of globalization, contain only one chapter on international strategy. Finally, most international business textbooks do have a section (containing several chapters) on international strategy. However, they always carry a wider coverage of major business functions such as marketing, operations, finance, and accounting, making them unwieldy. GLOBAL STRATEGY is written to offer a number of new perspectives. These include (1) a broadened definition of global strategy, (2) a comprehensive and innovative coverage, (3) an in-depth and consistent explanation of cutting-edge research, and (4) an interesting and accessible way to engage students. In this book, global strategy is defined not as MNE strategy only, but as strategy around the globe. Most global strategy and international business textbooks take the perspective of the foreign entrant, typically the MNE, often dealing with issues such as how to enter foreign markets. Important as these issues are, they only cover one side of international business, namely, the foreign side. The other side, naturally, is how domestic firms compete against each other and against foreign entrants. Failing to understand the other side, at best, captures only one side of the coin. Economic Environment of International Business Richard d Irwin
"We have continued to evolve the structure and content of this textbook in step with the rapidly changing world of international business. This includes completely revising several key chapters, including Chapter 6, on International Trade. This is entirely updated and includes new case studies covering both the trade-war between the US and China and the complex Brexit process. These and other real-world developments have made a wide range of stakeholders much more aware of the significance of global trade interdependencies than in the past. Chapter 16 on the European Union is also

entirely updated to take account of Brexit and a range of new socio-political and economic events in Europe. Chapter 11 ('MNEs as Responsible Stakeholders') has been removed, making this edition more consolidated, with 20 rather than 21 chapters. In place of Chapter 11 we have inserted new sections, frameworks and case studies on responsible business throughout the book as a fundamental dimension of international business theory and practice across all the other chapters. New case studies, such as 'Businesses and NGOs working together on climate change' in Chapter 4, provide additional material on this topic. Chapter 14, on 'Political risk and negotiation strategy' also features new case studies on the 'US-Venezuela oil dispute' and 'Huawei accused of spying'."

The Global Business Environment Englewood Cliffs, N.J. : Prentice-Hall

This is an ideal foundation text for anyone studying or working in the International Human Resource Management (IHRM) arena. This text utilizes and incorporates most of what is currently known, researched or experienced in the field. It features data and examples from academic research, international businesses and consulting firms, as well as experiences of and interviews with HRM managers in multinational and global firms. This book offers both a theoretical and practical treatment of this important and constantly evolving area. Thoroughly updated and revised, this second edition now includes key terms, learning objectives, discussion questions and an end-of-book integrative case. It has been designed to lead readers through all of the key topics in a highly engaging and approachable way. This book focuses on IHRM within multi-national enterprises (MNEs) and covers topics including: * MNE and country culture * organizational structure, strategy and design * international joint ventures and cross-border mergers and acquisitions * labour standards, ethics and codes of conduct * selection and management of international assignees * training and management development * compensation and benefits * health and safety and crisis management

* IHRM departments and professionals Uncovering precisely why IHRM is important for success in international business and how IHRM policies and practices function within the multinational enterprise, this outstanding textbook provides an essential foundation for an understanding of the theory and practice of IHRM. This book is essential reading for all students, lecturers and IHRM professionals.

International Business South-Western Pub

Developed in the classroom by two of the most prominent researchers in the field, Feenstra and Taylor's International Economics is a modern textbook for a modern audience, connecting theory to empirical evidence and expanding beyond the traditional focus on advanced companies to cover emerging markets and developing economies. International Trade is a split volume from the text, covering: • Offshoring of goods and services (Chapter 6) • Tariffs and quotas under imperfect competition (Chapter 9) • International agreements on trade, labor, and the environment (Chapter 11) As well as core topics: • The Ricardian model (Chapter 2) • The specific-factors model (Chapter 3) • The Heckscher-Ohlin model (Chapter 4) • Trade with increasing returns to scale and imperfect competition (Chapter 6) • Import tariffs and quotas under perfect competition (Chapter 8) • Export subsidies (Chapter 10)

International Business Harcourt College Pub

Pearson College McGraw Hill

In this updated fourth edition, author Maurice Levi successfully integrates both the micro and macro aspects of international finance. He successfully explores managerial issues and focuses on problems arising from financial trading relations between nations, whilst covering key topics such as: * organization of foreign exchange markets * determination of exchange rates * the fundamental principles of international finance * foreign exchange risk and exposure * fixed and flexible exchange rates. This impressive new edition builds and improves upon the popular style and structure of the original. With new data, improved pedagogy, and coverage of all of the

main developments in international finance over the last few years, this book will prove essential reading for students of economics and business.

International Business: The New Realities Aspen Publishers

Prepare future managers to face the differences in business communication across cultures. With the globalization of the world economy, it is imperative for current and future managers to be sensitive to the differences they will encounter in intercultural communication. To help make readers aware of these differences, Intercultural Business Communication contains practical guidelines and information on how to conduct negotiations across countries, write business letters in different societies, and includes the general "dos" and "don'ts" in international business. The fifth edition contains new cases, updated examples, and information from ten newly published books and journal articles.

Consumer Behaviour Psychology Press

A Basic Guide to International Business Law aims to give students an understanding as well as practical knowledge of legal problems arising in the area of international business, and to equip them with the skills needed to prevent and tackle these problems. All Chapters employ the same didactic structure. Introductory case studies, examples, annotated case law, glossaries, diagrams, summaries and exercises are all designed to familiarize students quickly with relevant aspects of international (business) law. A Basic Guide to International Business Law deals with the following topics: • Introduction to International Private Law and European Law • Legal aspects of negotiations • International contracts: matters of jurisdiction and the law applicable to these contracts • International contracts of sale • Competition law • Free movement of goods, workers, the freedom of capital and establishment and the freedom to provide services • International payments • Carriage of goods by road and sea • Incoterms • Entry modes (agents, representatives, distributors, licensing, franchising) *A Managerial Perspective* Prentice Hall This comprehensive overview of international business is

divided into various business functions, making it clear and easy to understand. In every chapter "Culture Quest Insights" into culture, geography, and business lead readers to a multimedia experience of a certain country or region that provides useful information on the impact of culture on business. Cases specific to each region or country add to the total reading experience. Topics covered include: the world's marketplaces, the international environment, managing international business and business operations. For CEOs, managers, and other executives who need to understand the cultural mores of the global societies with which they do business.

Global Marketing Routledge

Strategic, comprehensive, and concise, the fifth edition of this popular textbook introduces students to the important concepts of global marketing today, and their managerial implications. Increasingly, marketing activities must be integrated at a global level. Yet, the enduring influence of culture requires marketers to adapt local strategies in light of cultural differences. Global Marketing takes a strategic approach, recognizing the need to address both the forces of globalization and those of localization. Key updates include: Extensive real-life examples and cases from developed and emerging markets, including Africa, Latin America, and the Middle East; New topics such as digital distribution options, the participation of customers, and the rise of social media, including Twitter, Facebook, and TikTok; Updated exploration of often overlooked topics, such as China's state-owned enterprises, the importance of diasporas as target markets, the threat of transnational criminal organizations to legitimate marketers, and new tensions among trading partners; A stronger recognition of the need for a growth mindset, value orientation, and innovation. Written in a student-friendly style, this fully updated new edition continues to be the textbook of choice for students of global marketing.

Problems, Cases, and Materials, Fourth Edition, Documents Supplement Red Globe Press

In its 5th edition International Marketing guides students to understand the importance of international marketing for companies of every size and how going international can enhance value and growth. It provides a solid understanding of the key principles and practices of international marketing. The text has been thoroughly updated to reflect the most recent developments in the current business environment and encourages students to critically engage with the content within the context of modern life. Key Features: - A new chapter dedicated to Digital and Social Media Marketing - Fully updated pedagogy, including 'Going International' vignettes and End of Chapter questions - Brand new examples and case studies from global and innovative companies including Red Bull, Gillette and Audi - Now includes Interactive activities, Testbank questions

and Quizzes available on Connect® International Marketing is available with McGraw Hill's Connect®, the online learning platform that features resources to help faculty and institutions improve student outcomes and course delivery efficiency. "International Marketing continues to be an essential subject in any business or management degree. Ghauri and Cateora's book, now in its fifth edition, provides a most up-to-date and authentic evolution of the subject." George S. Yip, Emeritus Professor of Marketing and Strategy, Imperial College Business School. Professor Pervez Ghauri teaches International Business at Birmingham Business School. He is Founding Editor for International Business Review (IBR) and Consulting Editor for Journal of International Business Studies (JIBS). Philip R. Cateora is Professor Emeritus at the University of Colorado. His teaching spanned a range of courses in marketing and international business from fundamentals through to doctoral level.

Global Strategy Cengage Learning

The Fifth Edition of International Accounting provides an overview of the broadly defined area of international accounting, but also focuses on the accounting issues related to international business activities and foreign operations. This edition also includes substantially updated coverage of the International Accounting Standards Board (IASB) and International Financial Reporting Standards (IFRS). The unique benefits of this textbook include its up-to-date coverage of relevant material, extensive numerical examples provided in most chapters, two chapters devoted to the application of International Financial Reporting Standards (IFRS), and coverage of nontraditional but important topics such as strategic accounting issues of multinational companies, international corporate governance, and corporate social responsibility reporting.

International Trade Routledge

As business and capital markets have continue to grow more global over recent years, the need for cross-border financial information has correspondingly increased. This has brought international accounting to the forefront. International Accounting: A User Perspective is designed to provide an understanding of international accounting issues to current and future business managers. The book takes a user perspective to international financial reporting because most business executives are more likely to be users of financial information that crosses national borders than users of it. With the recent problems exposed in the quality of financial

reporting in many countries, a solid understanding of international accounting issues is an important part of the portfolio of skills that managers in medium and large enterprises must possess.

Strategy, Management, and the New Realities Pearson Education India

The authors of International Business Transactions: Problems, Cases, And Materials have compiled multi-lateral agreements, model codes, and U.S. statutory law in a Documents Supplement that supports and enriches the study of this dynamic field of law. The supplement features multilateral agreements from various United Nations Conventions, the International Chamber of Commerce, the World Trade Organization, and other leading international organizations. Selected provisions from the Uniform Commercial Code and various international treaties are included, along with guidelines for multinational business enterprises for organizations such as the World Bank and the Organization for Economic Co-Operation and Development (OECD). New to the Fourth Edition: TThe 2017 amended version of the World Trade Organization Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPs) (1995) Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on Jurisdiction and the Recognition and Enforcement of Judgements in Civil and Commercial Matters (Recast) (Recast Regulation) The 2018 revised versions of: Alien Tort Claims Act (Alien Tort Statute) (ACTA, ATS) Carriage of Goods by Sea Act (COGSA), 46 U.S.C.A. § 30701 hist. n. Foreign Corrupt Practices Act (FCPA): Anti-Bribery and Books & Records Provisions (Selected Provisions) The 2011 revised version of the OECD Guidelines for Multinational Enterprises

Understanding Global Cultures South-Western Pub

This text focuses on key macro and micro issues in international business and is designed to satisfy the demands for a first course in international business at either the undergraduate or graduate levels. Well developed case studies examine actual multinational companies and illustrate important concepts. Each chapter contains an introduction and summary to provide students with a thorough perspective.

Introduction and Essentials Cengage Learning Emea

KEY BENEFIT: CKR is an evolving learning package that makes teaching easier and captures IB as practiced today. The text addresses emerging markets, the growing participation of small and medium-sized firms in international business, and examples of both

international and national businesses so students can see IB from all perspectives. CKR also offers an online resource called the Educator's Consortium that supports and connects students and instructors worldwide. This text is for business students and professionals interested in learning about the impact of international business and emerging markets.

Managerial Economics Pearson Higher Ed

For a first course in international business at the undergraduate or M.B.A. Level. Section 1 discusses the nature of international business and the three environments in which an international businessperson works. Section II examines the important international organizations, the international monetary system and their input in business. Section III discesses the uncontrollable forces that make up the foreign environments and illustrates their effects on business practices. The final section deals with the functions of management and shows how managers deal with the uncontrollable forces. Trends and new directives of international companies are also treated.
