International Business Environments and Operations ...

International business refers to the trade of goods, services, technology, capital and/or knowledge across national borders and at a global or transnational scale. It involves cross-border transactions of goods and services between two or more countries. Transactions of economic resources include capital, skills, and people for the purpose of the international production of physical goods and services such as finance, banking, insurance, and construction. International business is also known as

The International Business Environment | Boundless Finance

International business : environments and operations. by. Daniels, John D. Publication date. 2007. Topics. Comercio internacional, Weltwirtschaft, Investimentos estrangeiros, Relações econômicas internacionais, Internationales Management, Empresas multinacionais, International economic relations, International business enterprises, Entreprises multinationales, Investments, Foreign, Investissements étrangers, Relations économiques internationales, Multinationales Unternehmen ...

From a business perspective,

the primary incumbent in an international business environment is the multinational enterprise (MNE), which is a company that pursues strategic success in global production and sales (i.e. operating within a number of country borders). The number of examples of this type of firm is constantly growing.
