Manufacturing Technology

Management | Emerald ...

JMTM gives a broad international coverage of subjects relating to the management of manufacturing technology.

Emphasis is placed on the publication of articles which seek to link advances in theory with practical application with the objective of identifying improved practices for manufacturing. JMTM is looking

for articles that are rooted in reality,

this means, have an empirical base for example through surveys, case studies and action research.

The goal of the
IJTPM is to provide
a forum for the
emerging area of
policy analysis,
decision-making
and problem-
solving at the
intersection of

technology, policy
and management.
IJTPM is a scholarly
journal aiming at
building up and
disseminating the
growing body of
new theories,
practical methods,
and experiences in
this area. It serves
the needs of
scientists, policy
makers, and
professionals in the
field by discussing
latest theories, state-
of-the-art
techniques, and
applications.

The IJTM aims to
provide a refereed
and authoritative
source of information
in the field of
managing with
technology, and the
management of
engineering, science
and technology. It

seeks to establish
channels of
communication
between government
departments,
technology executives
in industry, commerce
and related business,
and academic experts
in the field.
