Persuasion Ethics Today explores persuasive communication in the fields of advertising, promotions, public relations and integrated marketing communication, and is designed for course use in advertising curricula. Ethical questions have become increasingly important in today's media landscape, and issues of regulation, privacy, and convenience are the subjects of heated debate among consumers, industry professional, policy makers, and interest groups. With the explosion of social media, mobile devices, tracking technologies, and behavioral targeting, the ethical issues about persuasion continue to increase in importance. This book's goal is to offer a broad introduction to the ethical standards, challenges, understanding, and decision-making strategies involved in the practice of persuasion. Persuasion Ethics Today links real world persuasive communication activities to fundamental philosophies of ethics. It also offers tools for students and practitioners to engage with ethical dilemmas in a systematic way, and jumpstart debates about the right ethical choices in an increasingly complex media and social environment.

Global Business Today Macmillan International Higher Education
This book focuses on the development of strategies for the successful internationalization of large and medium-sized companies. Becoming international offers important opportunities for companies of all sizes, but in an increasingly complex environment, the strategic planning involved is also a challenge. The book addresses this, putting forward suggestions that allow large and medium-sized companies to profit from internationalization. After a comprehensive introduction to internationalization and strategic planning, the authors make clear recommendations, suggesting detailed processes for developing international strategies. The book distinguishes between going global for new markets and internationalizing production and sourcing. For both, the book proposes procedures for performing meaningful strategic analyses and for developing successful international strategies. Lastly, it highlights the challenges faced by international companies and discusses useful decision processes. The book offers valuable insights for company executives, participants in Executive MBA programs, and master ' s students.

International Business Negotiations John Wiley & Sons
Project Report from the year 2007 in the subject Business economics - Business Ethics, Corporate Ethics, grade: 85%, Macquarie University (Graduate Accounting and Commerce Centre), course: Veranstaltung International Marketing (post-graduate unit), 34 entries in the bibliography, language: English, abstract: This report examines Airbus, one of two major players in the global aircraft manufacturing

industry. Recent findings indicate that Airbus might have showed unethical business behavior in convincing customers to purchase its aircraft. After presenting and analyzing these allegations and updating potentially unethical conduct by Airbus to the present day, this report continues to discuss the topic of ethics in general. It is then elaborated how ethics are applied within the aircraft manufacturing industry by its two main players Boeing and Airbus. Following this, tools such as a PESTLE analysis and a SWOT analysis of Airbus are presented. Based on the findings of these analyses, recommendations for Airbus are formulated and examined with regard to practicability and feasibility aspects. Recommendations will be divided into short-, medium- and long-term strategies. Finally, this report will conclude by summarizing the findings and giving an outlook to Airbus' position in the global marketplace.

The popular press has taken notice of two current trends in housing arrangements: three-

generation households, and twenty-somethings staying at home longer. These are not separate trends, but part of a larger nationwide cultural shift to extended families reuniting. Together Again: A Creative Guide for Successful Multigenerational Living is intended to make this cultural shift go smoothly. As it stands now the benefits of extended family living are being masked by the World War II generation's fancy for independence. That worked fine for them. But the coming failure of the social security and healthcare systems in this country are forcing us all to rethink how we live and care for one another. This book offers solutions based in part on interviews with over 100 people now involved in extended family living relationships. Topics covered include the financial and emotional benefits of living together; proximity and privacy; designing and remodeling your home to accommodate adult children or elderly parents; overcoming cultural stigmas about independent living; financial and legal planning; and making co-habitation agreements.

Globalization, an inevitable phenomenon in human history, has been bringing the world closer through exchange of goods and services, advancements in information communication technologies (ICTs), global diffusion of technologies, and cultural awareness. Recent developments and trends within the global business arena present managers with challenging situations. Competing in the twenty-first century and beyond requires firms to invest in the increasingly refined managerial skills needed to perform effectively in a multicultural business environment. Global companies are faced with varied and dynamic environments in which they must accurately assess the political, legal, technological, ethical, and cultural factors that shape their strategies and operations. The success of a company's global operation often depends significantly on the manager's cultural skills, as well as the ability to carry out the company's strategy within the context of the host country's business practices. While globalization is a vehicle for, and a consequence of human progress, it is also a confused process that requires change. The change process presents the manager with challenging strategic options. Globalization of Business: Theories and Strategies for Tomorrow's Managers addresses the above challenges. It offers managers and business students strategies on how to become globally competitive in a complex international management environment. Contributors to the volume offer their insights into the issues every global manager needs to understand such as the nature of the global business environment, entry mode choice, global strategic positioning, global human resource management, human rights and ethical issues. The book covers general as well as specific topics, including assumptions, theories, and practices of globalization. It is expected that the book will enable business students, managers and corporate leaders to avoid common drawbacks in their quest to build a successful global firm that will benefit all.

A Guide to the Principles and Practice of Export Cengage Learning

Marshall/Johnston's Marketing Management, 2e has taken great effort to represent marketing management the way it is actually practiced in successful organisations today.

Given the dramatic changes in the field of marketing, it is a sure bet that the job of leading marketing manager's contributions to the organisation and its customers, clients, and partners has changed at the same level. Yet, no marketing management book on the market today fully and effectively captures and communicates to students how marketing management is really practiced in the 21st century business world. Clearly, it is time for an updated approach to teaching and learning within the field. Marketing Management 2e is designed to fulfill this need.
