*Technical Reports | British Council*

The updated information in this Field Manual is based on normative technical guidance of the World

Health Organization. It reflects the good practices documented in crisis settings around the world since

the initial field-test version of the Field Manual was released in 1996, followed by the 1999 version.

**Organisation for the Prohibition of Chemical Weapons**

This manual contains methods (procedures) used to perform the assessments necessary to meet the

public protection objectives. The methods are in the approximate order that assessments will be

performed and are located at the front of the manual.

As the implementing body for the Chemical Weapons Convention, the OPCW, with its 193 Member

States, oversees the global endeavour to permanently and verifiably eliminate chemical weapons.
