The International Truck diagnostic scanner enables you to read and erase the fault codes that relate to the check engine light on your truck. It works on all International Trucks listed in the drop down box above. With the code reader, you can quickly find out trouble causes (troubleshooter) of electronically controlled systems on your truck, by simply connecting the reader to the diagnostic socket, whilst reading the trouble code (DTC) shown on the device, and hence, identifying, locating ...

Truck Fault Codes - Apps on Google Play

Diesel Laptops is excited to bring you the Truck Fault Code Android app which gives you access to over 40,000 diagnostic trouble codes found on commercial trucks. This app allows you to search by manufacturer, model, and code number. Each diagnostic fault code will give you as much information as possible on the components related to that diagnostic code, along with a list of probable causes ...

Fault Code Reference | TruckFaults | Fault Code Diagnostic ...

Diagnostic Trouble Codes . Here is the list of DTC's. This is a HUGE file (48 pages) so it's probably easiest to use your scroll function to locate the code you're looking for. The P0000 to P1000 are all EOBD Codes. First digit structure is as follows: • Pxxxx for powertrain • Bxxxx for body • Cxxxx for chassis • Uxxxx for future systems

I did this with my 12-ton that threw an engine code on my way back from Atlanta. I called my local IH dealer and that is what the service manager told me to do. When I did it, the display lights blinked, then the screen that normally shows the odometer read "2 faults", then flashed a code for each one.
