**INTRODUCTION** Representing Congress presents a selection of political cartoons by Clifford K. Berryman to engage students in a discussion of what Congress is, how it works, and what it does. It features the masterful work of one of America's preeminent political cartoonists and showcases his ability to use portraits, representative symbols and figures, and iconic personifications to convey thought-provoking insights into the institutions and issues of civic life. The House of Representatives and Senate take center stage as national elected officials work to realize the ideals of the Founders. This eBook is designed to teach students to analyze history as conveyed in visual media. The cartoons offer comments about various moments in history, and they challenge the reader to evaluate their perspective and objectivity. Viewed outside their original journalistic context, the cartoons engage and amuse as comic art, but they can also puzzle a reader with references to little-remembered events and people. This eBook provides contextual information on each cartoon to help dispel the historical mysteries. Berryman's cartoons were originally published as illustrations for the front page of the Washington Post and the Washington Evening Star at various dates spanning the years from 1896 to 1949. Thirty-nine cartoons selected from the more than 2,400 original Berryman drawings preserved at the Center for Legislative Archives convey thumbnail

sketches of Congress inaction to reveal some of the enduring features of our national representative government. For more than 50 years, Berryman's cartoons engaged readers of Washington's newspapers, illustrating everyday political events as they related to larger issues of civic life. These cartoons promise to engage students in similar ways today. The cartoons intrigue and inform, puzzle and inspire. Like Congress itself, Berryman's cartoons seem familiar at first glance. Closer study reveals nuances and design features that invite in-depth analysis and discussion. Using these cartoons, students engage in fun and substantive challenges to unlock each cartoon's meaning and better understand Congress. As they do so, students will develop the critical thinking skills so important to academic success and the future health and longevity of our democratic republic. 2 | REPRESENTING CONGRESS SHOW THIS eBook IS ORGANIZED This eBook presents 39 cartoons by Clifford K. Berryman, organized in six chapters that illustrate how Congress works. Each page features one cartoon accompanied by links to additional information and questions. This detailed study of fire metaphors provides a deep understanding of the purposeful work of metaphor in discourse. It analyses how and why fire metaphors are used in discourses of awe (mythology and religion) and authority (political speeches and media reports). Fire serves as a productive and salient lexical field for metaphors that seek to create awe and impose authority. These metaphors offer a rich linguistic and conceptual resource for authors of mythologies, theologies, literature, speeches and journalism, and provide insight into the rich interplay of thought, language and culture. This book explores the purpose of fire metaphors in genres ranging from the Norse sagas to religious texts, from Shakespeare to British and American political speeches. Ultimately it arrives at an understanding of the rhetorical work that metaphor accomplishes in communicating evaluations and ideologies.
