The texts presented in Proportion Harmonies and Identities (PHI) Tradition and Innovation were compiled with the intent to establish a multidisciplinary platform for the presentation, interaction, and dissemination of researches. They also aim to foster the

awareness and discussion on the topic of Tradition and Innovation, focusing on different visions relevant to Architecture, Arts and Humanities, Design and Social Sciences, and its importance and benefits for the sense of identity, both individual and communal. The idea of Tradition and Innovation has been a significant motor for development since the Western Early Modern Age. Its theoretical and practical foundations have become the working tools of scientists, philosophers, and artists, who seek strategies and policies to accelerate the

development process in different contexts.

*Christ-Oriented Expository Preaching*  
McFarland

Providing a model of how to 'do' biblical theology, this book also explores important emerging trends over the last five years including: reception-history as a means to grasping the theology of the bible; theological interpretation as a new form of lectio divina (meditative reading); the place of Jewish interpretation in forming a biblical theology; and the ever-present problem of losing Old Testament theology in New Testament theology. The second half of the book discusses the theme of Providence, as found in both

---

Testaments, with insights gained from the history of biblical interpretation and from major attempts at working out a theology of Providence. Elliott focuses on Providence as it has been perceived rather than the themes of God's goodness and powerfulness in themselves.

*Looking for Lost*

University Press  
Staging Chinese  
Revolution

surveys fifty years of theatrical propaganda performances in China, revealing a dynamic, commercial capacity in works often dismissed as artifacts of censorship.

Spanning the 1960s through the 2010s, Xiaomei Chen reads films, plays, operas, and television shows from an interdisciplinary and comparative perspective, demonstrating how, in a socialist state with "capitalist characteristics," propaganda performance turns biographies, memoirs, and war stories into mainstream ideological commodities, legitimizing the state and its right to rule. Analyzing propaganda performance also brings contradictions and

inconsistencies to light that throw common understandings about propaganda's purpose into question. Chen focuses on revisionist histories that stage the lives of the "founding fathers" of the Communist Party, such as Chen Duxiu, Mao Zedong, and Deng Xiaoping, and the engaging mix of elite and ordinary characters that animate official propaganda in the private and public sphere. Taking the form of "personal" memories and representing star and youth culture

---

and cyberspace, contemporary Chinese propaganda appeals through multiple perspectives, complicating relations among self, subject, agent, state building, and national identity. Chen treats Chinese performance as an extended form of political theater confronting critical issues of commemoration, nostalgia, state rituals, and contested history. It is through these reenactments that three generations of revolutionary leaders loom in extraordinary

ways over Chinese politics and culture. **The Temple in Text and Tradition** IGI Global The Old Testament is more than a religious history of the nation of Israel. It is more than a portrait gallery of heroes of the faith. It is even more than a theological and prophetic backdrop to the New Testament. Beyond these, the Old Testament is inspired

revelation of the very nature, character, and works of God. As renowned Old Testament scholar Bruce Waltke writes in the preface of this book, the Old Testament's every sentence is "fraught with theology, worthy of reflection." This book is the result of decades of reflection informed by an extensive knowledge of the Hebrew language, the

---

best of critical scholarship, a deep understanding of both the content and spirit of the Old Testament, and a thoroughly evangelical conviction. Taking a narrative, chronological approach to the text, Waltke employs rhetorical criticism to illuminate the theologies of the biblical narrators. Through careful

study, he shows that the unifying theme of the Old Testament is the "breaking in of the kingdom of God." This theme helps the reader better understand not only the Old Testament, but also the New Testament, the continuity of the entire Bible, and ultimately, God himself. **The French Lieutenant's Woman** Oxford University

Press  
This book is devoted to the analysis of cross-media and cross-cultural peculiarities of Russian, British and American media discourse from the intertextual perspective. The study of a complex variety of intertextual links which exist between texts and genres is a contemporary aspect in the theory of intertextuality. There are numerous

---

theoretical approaches in the study of intertextuality, but there is a lack of an empirically profound framework for its analysis across many disciplines. An interdisciplinary approach to the study of intertextuality is a necessary step to investigate this phenomenon comprehensively. This book offers an alternative approach to the study of

intertextuality, singling out intra-textual and inter-genre levels on which this phenomenon comes to the fore. *Contrastive Analysis of News Text Types in Russian, British and American Business Online and Print Media* Oxford University Press  
Lost has received widespread acclaim as one of the

most innovative, intelligent, and influential dramatic series in television history. Central to Lost's success has been its capacity to evoke audience interpretations of its mysteries, undiminished even with the series' definitive conclusion. This collection of fifteen essays by

---

critics, academics, and philosophers examines the complete series from a diverse but interconnected array of perspectives . Complementary and occasionally conflicting interpretations of the show's major themes are presented, including the role of time, fate and determinism, masculinity,

parenthood, and the threat of environmental apocalypse. *The Heart of Biblical Theology* Mohr Siebeck The first book-length consideration of questions relating to music and meaning. **Re-Reading Mary Wroth** Wipf and Stock Publishers Explores the influence of Bertolt Brecht's ideas on the practice and study of cinema. In

Brechtian Cinemas, Nenad Jovanovic uses examples from select major filmmakers to delineate the variety of ways in which Bertolt Brecht's concept of epic/dialectic theatre has been adopted and deployed in international cinema. Jovanovic critically engages Brecht's ideas and their most influential interpretations in film

---

studies, from Trier's contemporary apparatus Nymphomaniac films theory in the (2013). inspired by 1970s to the Jovanovic Brecht's view presently argues that of the world dominant the role of and the arts, cognitivist montage—a Jovanovic approach. relevance of Brecht for the practice and understanding of cinema. Nenad Jovanovic is Assistant Professor of Media Studies at Wright State University. **To See the Wizard** State University of New York Press Great Shakespeareans presents a systematic account of those figures who have had the greatest influence on the interpretation,

understanding and cultural reception of Shakespeare, both nationally and internationally. This major project offers an unprecedented scholarly analysis of the contribution made by the most important Shakespearean critics, editors, actors and directors as well as novelists, poets, composers, and thinkers from the seventeenth

to the twentieth century. An essential resource for students and scholars in Shakespeare studies. *Metaphysics and Hermeneutics in the Medieval Platonic Tradition* BRILL No text has its meaning alone; all texts have their meaning in relation to other texts. Since Julia Kristeva coined the term in the 1960s, intertextuality has been a dominant idea

---

within literary and cultural studies leaving none of the traditional ideas about reading or writing undisturbed. Graham Allen's *Intertextuality* outlines clearly the history and the use of the term in contemporary theory, demonstrating how it has been employed in: structuralism post-structuralism deconstruction postcolonialism Marxism feminism psychoanalytic theory. Incorporating a wealth of illuminating examples from literary and cultural texts, this book offers an invaluable introduction to intertextuality for any students of literature and culture. Great Shakespeareans Set III Frank & Timme GmbH This volume meditates on the various meanings of legitimation and expands on the notion that language can be used to gain or preserve it by demonstrating the added impact of other modes in specific examples of political and institutional discourse. The book draws on a multilayered framework that builds on and integrates work from both critical discourse analysis and social semiotic traditions, as well as the work of philosophers such as Habermas, Weber, and Rousseau, to show how it might be applied in practice to

---

analyse and understand myriad forms of discourse. The volume focuses on examples from political campaign spots, which highlight various modes, including images, film, oratory, and color, but are also of global relevance and scale, highlighting their unique and complex position at the nexus between legitimation and multimodality

. Offering a new analytical framework for understanding legitimation across a range of discursive contexts, this book will be of particular interest to students and scholars in discourse analysis, multimodality, political science, psychology, design, and education. **An Old Testament Theology** Frank & Timme GmbH Set in Lyme Regis in 1867, 'The French

Lieutenant's Woman' tells the story of a woman wronged, depicted against an unrelenting Victorian England. Handbook of Research on Transmedia Storytelling, Audience Engagement, and Business Strategies Bloomsbury Publishing Approaching the writings of Mary Wroth through a fresh 21st-century lens, this volume accounts for and re-invents the literary scholarship of one of the first "canonized"

---

women writers of the English Renaissance. Essays present different practices that emerge around "reading" Wroth, including editing, curating, and digital reproduction.

**Brechtian Cinemas**

Routledge  
To See the Wizard:  
Politics and the Literature of Childhood takes its central premise, as the title indicates, from L. Frank Baum's *The Wonderful Wizard of Oz*. Upon their return to The

Emerald City after killing the Wicked Witch of the West, the Wizard assigned them, Dorothy, the Tin Woodman, Scarecrow, and Lion learn that the wizard is a "humbug," merely a man from Nebraska manipulating them and the citizens of both the Emerald City and of Oz from behind a screen. Yet they all continue to believe in the powers they know he does not have, still insisting he grant their wishes. The image of the

man behind the screen—and the reader's continued pursuit of the Wizard—is a powerful one that has at its core an issue central to the study of children's literature: the relationship between the adult writer and the child reader. As Jack Zipes, Perry Nodelman, Daniel Hade, Jacqueline Rose, and many others point out, before the literature for children and young adults actually reaches these intended readers, it has been mediated

---

by many and diverse cultural, social, political, psychological, and economic forces. These forces occasionally work purposefully in an attempt to consciously socialize or empower, training the reader into a particular identity or way of viewing the world, by one who considers him or herself an advocate for children. Obviously, these "wizards" acting in literature can be the writers themselves, but they can also

be the publishers, corporations, school boards, teachers, librarians, literary critics, and parents, and these advocates can be conservative, progressive, or any gradation in between. It is the purpose of this volume to interrogate the politics and the political powers at work in literature for children and young adults. Childhood is an important site of political debate, and children often the victims or beneficiaries

of adult uses of power; one would be hard-pressed to find a category of literature more contested than that written for children and adolescents. Peter Hunt writes in his introduction to *Understanding Children's Literature*, that children's books "are overtly important educationally and commercially—with consequences across the culture, from language to politics: most adults, and almost certainly the vast majority

---

in positions of instance, young-adulthood power and "Throughout the are the sites influence, read history of of political children's children's debate for books as literature, the issues ranging children, and people who have from civil it is tried to censor rights and inconceivable children's racism to the that the books, for all construction ideologies their and definition permeating ideological of the family, those books had differences, indoctrinating no influence on share a rather children into their romantic view or subverting development." about the power national and If there were a of books. They religious question about believe, or at ideologies, the the central least they literature of position profess to childhood bears literature for believe, that consciously children and books are such political young adults a major analysis, has in influence in asking how political the formation socialization contests, one of children's works, how needs to look values and children and no further than attitudes that young adults the myriad adults need to learn of struggles monitor every social, surrounding word that cultural and censorship. children read." political Mark I. West Because expectations, observes, for childhood and as well as how

---

literature can propose of those structures. To See the Wizard: Politics and the Literature of Childhood intends to offer analysis of the political content and context of literature written for and about children and young adults. The essays included in *To See the Wizard* analyze nineteenth and twentieth century literature from America, Britain, Australia, the Caribbean, and Sri Lanka that is for and about children and adolescents. The essays address issues of racial and national identity and representation, poverty and class mobility, gender, sexuality and power, and the uses of literature in the healing of trauma and the construction of an authentic self. *Memory and Intertextuality in Renaissance Literature* Bloomsbury Publishing. This volume brings together 29 junior and senior scholars to discuss aspects of Hesiod's poetry and its milieu and to explore questions of reception over two and half millennia from shortly after the poems' conception to Twitter hashtags. Rather than an exhaustive study of Hesiodic themes, the Handbook is conceived as a guide through terrain, some

---

familiar,  
other less  
charted,  
examining  
both Hesiodic  
craft and  
later  
engagements  
with Hesiod's  
stories of  
the gods and  
moralizing  
proscriptions  
of just human  
behavior. The  
volume opens  
with the  
"Hesiodic  
Question," to  
address  
questions of  
authorship,  
historicity,  
and the  
nature of  
composition  
of Hesiod's  
two major  
poems, the  
Theogony and

Works and  
Days.  
Subsequent  
chapters on  
the  
archaeology  
and economic  
history of  
archaic  
Boiotia, Indo-  
European  
poetics, and  
Hesiodic  
style offer a  
critical  
picture of  
the sorts of  
questions  
that have  
been asked  
rather than  
an attempt to  
resolve  
debate. Other  
chapters  
discuss  
Hesiod's  
particular  
rendering of  
the

supernatural  
and the  
performative  
nature of the  
Works and  
Days, as well  
as competing  
diachronic  
and  
Indo-synchronic  
temporalities  
and varying  
portrayals of  
female in the  
two poems.  
The rich  
story of  
reception  
ranges from  
Solon to  
comic books.  
These  
chapters  
continue to  
explore the  
nature of  
Hesiod's  
poetics, as  
different  
writers

---

through time  
single out  
new aspects  
of his art  
less evident  
to earlier  
readers. Long  
before the  
advent of  
Christianity,  
classical  
writers  
leveled their  
criticism at  
Hesiod's  
version of  
polytheism.  
The relative  
importance of  
Hesiod's two  
major poems  
across time  
also tells us  
a tale of the  
age receiving  
the poems. In  
the past two  
centuries,  
artists and  
writers have

come to  
embrace the  
Hesiodic  
stories for  
themselves  
for the  
insight they  
offer of the  
human  
condition but  
even as old  
allegory  
looks quaint  
to modern  
eyes new  
forms of  
allegory take  
form.

"In a  
formative  
period of  
Chinese  
culture,  
early

---

medieval writers made extensive use of a diverse set of resources, in which such major philosophical classics as Laozi, Zhuangzi, and Classic of Changes featured prominently. Reading Philosophy, Writing Poetry examines how these writers understood and manipulated a shared intellectual lexicon to produce meaning.

Focusing on works by some of the most important and innovative poets of the period, this book explores intertextuality—the transference, adaptation, or rewriting of signs—as a mode of reading and a condition of writing. It illuminates how a text can be seen in its full range of signifying potential within the early medieval constellation of textual connections and cultural signs. If culture is that which connects its members past, present, and future, then the past becomes an inherited and continually replenished repository of cultural patterns and signs with which the literati maintains an organic and constantly negotiated relationship of give and take. Wendy Swartz explores how early

---

medieval writers in China developed a distinctive mosaic of ways to participate in their cultural heritage by weaving textual strands from a shared and expanding store of literary resources into new patterns and configuration s."
