In this updated guide, Vault publishes the entire surveys of current students and alumni at more than 100 top business schools. Each 4- to 5-page entry is composed almost entirely of insider comments from students and alumni. Each school profile features surveys of about 10 students or alumni. These narratives provide applicants with detailed and balanced perspectives and insider information on admissions and employment prospects, which is lacking in other business school guides.  
Neoliberalization of English Language Policy in the Global South  
Pearson Education India

This book proposes a broad-based multiliteracies theory and praxis for college writing curriculum. Khadka expands on the work of the New London Group's theory of multiliteracies by integrating work from related disciplinary fields such as media studies, intercultural communication, World Englishes, writing studies, and literacy studies to show how they might be brought together to aid in designing curriculum for teaching multiple literacies, including visual, digital, intercultural, and multimodal, in writing and literacy classes. Building on insights developed from qualitative analysis of data from the author's own course, the book examines the ways in which diverse groups of students draw on existing literacy practices while also learning to cultivate the multiple literacies, including academic, rhetorical, visual, intercultural, and multimodal, needed in mediating the communication challenges of a globalized world. This approach allows for both an exploration of students' negotiation of their cultural, linguistic, and modal differences and an examination of teaching practices in these classrooms, collectively demonstrating the challenges and opportunities afforded by a broad-based multiliteracies theory and praxis. This book will be of particular interest to scholars and researchers in writing studies, rhetoric and communication studies, multimodality, media studies, literacy studies, and language education.

5 Mock Tests for UPSC IAS/ IPS Mains General Studies Papers 1 to 4 Disha Publications

MBA Admissions Strategy is a bestseller that shows MBA applicants:

- What MBA Admissions Committees value and how they work
- What to say in a b-school application, and how to

---

say it well • How to answer tricky essay and interview questions It guides the reader through the four key aspects of competitive MBA admissions: navigating the admissions process; enhancing profile value; managing essay and interview communications; and writing better. MBA Admissions Strategy is about what is hard for MBA applicants to find: the candid “ what-I-wish-they ’ d-told-me ” insights about what really works in MBA admissions. It is what to do to win in MBA admissions, and a step-by-step guide how to do it. The 3rd edition, updated throughout, contains new material on success in MBA interviews and wider admissions inputs, in addition to the traditional essays.

EBOOK: MBA Admissions Strategy: From Profile Building to Essay Writing Springer Nature

More than 50 years after their breakup, the Beatles are still attracting fans from various generations, all while retaining their original fan base from the 1960s. Why have those first-generation fans continued following the Beatles and are now introducing their grandchildren to the group? Why are current teens affected by the band's music? And perhaps most importantly, how and why do the Beatles continue to resonate with successive generations? Unlike other bands of their era, the Beatles seem permanently frozen in time, having never descended into "nostalgia act" territory. Instead, even after the announcement of the band's breakup in 1970, the group has maintained its cultural and musical relevance. Their timeless quality appeals to younger generations while maintaining the loyalty of older fans. While the Beatles indeed represent a specific time period, their music and words address issues as meaningful today as they were during the Summer of Love: politics, war, sex, drugs, art, and creative liberation. As the first anthology to assess the nature of fan response and the band's enduring

appeal, *Fandom and the Beatles: The Act You've Known for All These Years* defines and explores these unique qualities and the key ways in which this particular pop fusion has inspired such loyalty and multigenerational popularity.

Examples of Essay's, Interviews and Reports for the Growing Student Springer Science & Business Media

John P. Horder, President, 1980-82 The first 30 years of the College have been an exciting experience for those most closely involved. Some have already passed on, but this account has been written soon enough for many of the actors to be historians. Future members of the College will be grateful to them for what they have written, as well as for what they did as a remarkably determined and harmonious team. Students of twentieth century medicine in this country will also be grateful for a first-hand account of the development of an institution which has been closely associated with, and partly responsible for, important changes in medical care and education. Those who read these pages may wonder how the builders of this young College could have found time to do much general practice. They did. The three editors of this history, which covers 25 years, and the general practitioner members of the Steering Committee all ran large practices, in which they worked very hard throughout that time. Most of their work for the College was done during off-duty hours, weekends and holidays. The College could not have developed as it did, had they not been personally concerned with the practical problems and needs of clinical medicine. This is also true of many of the contributors. It is impossible to mention everyone who deserves credit. The editors hope that they may be

Indian Administration is a critical and analytical guide to all the important aspects of public administration in India. Based on books, journals, notes, files and government reports in the field, it examines the government and the administration at every level and tier. Its wide coverage includes all the major landmarks in the evolution of Indian administration, panchayati raj and urban local government after the constitutionalization of local government in India, as well as district planning and the District Planning Committee. It also addresses the issues plaguing our bureaucracy, making full use of reports from the Administrative Reforms Commission and various other committees. Comprehensive and well-researched, this book will fulfil the needs of students of political science and public administration, as well as candidates for civil service examinations, and will also be a valuable resource to scholars, administrators and the general reader interested in the subject.

Greenwood Publishing Group

"This book collects 20 papers in epistemology by Linda Zagzebski, covering her entire career of more than 25 years. She is one of the founders of contemporary epistemology and is well-known for broadening the field and re-focusing it on epistemic virtue and

---

epistemic value. The subject areas of most of epistemology are included in these papers: (1) knowledge and understanding, (2) intellectual virtue, (3) epistemic value, (4) virtue in religious epistemology, (5) intellectual autonomy and authority, and (6) skepticism and the Gettier problem"--
