Couples and families
worldwide have a constant
electronic connection to
others, a fact that is*

influencing the concerns and issues they bring to therapy. The authors of this resource help mental health practitioners to better deal with concerns such as online infidelity, online dating, internet addictions, cyber bullying, and many more by introducing the Couple and Family Technology (CFT) framework, a multi-theoretical approach that doesn't require clinicians to change their preferred clinical approach. The CFT framework acknowledges the ways in which couples navigate their relationship with technology and a partner simultaneously, and it attends to, and in some cases incorporates the role of

technology in therapeutic ways. Included in the authors' discussion of how different technologies affect relationships is • a survey of what individuals' motivations of usage are • an examination of the specific issues that emerge in treatment • a study of the risks particularly relevant to intimate relationships, and • an introduction of the first-ever technology-based genogram. They also examine technological usage across different developmental points in a couple's lifespan, with attention given throughout to people from various cultural backgrounds. Along with the CFT framework, the authors

also introduce a new discipline of family research: Couple and Family Technology. This discipline integrates three broad perspectives in family science and helps therapists maintain a systemic focus in assessing and treating couples where issues of the Internet and new media are problematic. Online resources can be accessed by purchasers of the book and include videos, additional case studies, glossary, and forms. Public Sociology Charles C Thomas Publisher
This introductory textbook is for students who are interested in learning about

and establishing healthy marriage, family, and intimate relationships. With divorce rates high and relationships fragile, books and courses are needed that help students address important issues regarding relationships. The readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable, understandable, and easy to apply to one's life. It was written so that each chapter has information that readers will find helpful as they	attempt to establish and maintain meaningful, healthy relationships. There are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations. The text provides material on the research of John Gottman, the object relations theory of Harville Hendrix, the solution-focused approach of Michele Weiner-Davis, and the PREP approach to conflict management of Markman, Stanley, and	Blumberg. These and other topics discussed are very relevant to students' concerns and are addressed in greater depth than found in most other texts. The emphasis is not just on couple relationships but also on family relationships. Therefore, in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families. There is also material on how change produces transitions in family life that must be
--	--	--

assimilated into the family structure ó for example, when a couple has their first child. Thus, both couple and family issues are addressed throughout the book. For instructors who want to focus their courses on marriage, family, and intimate relationships, this book would be an ideal choice. A study guide for students and instructional material for instructors can be obtained by visiting www.understandingrelationships.net.

Marriages and Families
McGraw-Hill Humanities,

Social Sciences & World Languages
Since the first edition in 1994, *Marriages and Families: Intimacy, Diversity, and Strengths* has helped thousands of college students learn how to create and maintain enduring intimate relationships. Three distinctive themes of intimacy, marital and family strengths, and diversity are woven throughout the text, with the goal of integrating research, theory, and practical ideas to promote healthy and productive relationships. McGraw-Hill Connect® is a subscription-

based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

Addison-Wesley Longman
In this fresh, more structural, alternative to other texts for the marriage and family course, Seccombe and Warner provide a comprehensive look at close relationships and the family in just 15 chapters. Examining close relationships and families by placing them in social context, the authors offer a unique

emphasis on the structural and relational aspects of the family with a focus on family resilience. The text weaves together a macro view - social structural analysis of close relationships- with the macro - an individualist view. The authors demonstrate the interaction of theory and methodology in family studies in Chapter 2 and blend

cutting-edge research and practical applications throughout. Among the highlights of this first edition are the exceptionally thorough exploration of the topics of singlehood and cohabitation in Chapter 7 and the unique six-chapter core (8-13) that focuses on all aspects of parenthood and the challenges and crises that families face today.

The authors' emphasis on family resilience and how families can be strengthened is reflected in the Constructing Strong Families boxes that appear throughout the text. These features encourage students to apply groundbreaking research on what makes a family strong to their own families and in the concluding chapter, Looking Ahead: Helping Families Flourish, which examines the

factors that successful families -regardless of ethnicity, culture, or social class--consistently exhibit.

Intimate Relationships in a Changing Society Routledge **THE MARRIAGE & FAMILY EXPERIENCE**, International Edition is a realistic look at relationships today. These experienced authors will help you see and understand the underlying issues at work in marriages, families, and all kinds of relationships. Real-life cross-

cultural examples and features that encourage you to look deeper at yourself make the Tenth Edition accessible and compelling this is a book you can relate to and one you will want to read! The book presents the latest information on adoptive parenting, childbearing patterns, gay and lesbian families, the meaning of virginity, gender roles and sexuality, communication and conflict resolution, the influence of popular culture, and working families. With thorough and compelling coverage of all kinds of today's families and relationships, the book dispels

myths about gender differences and gives you a realistic and comprehensive overview of the concepts and topics you'll need to succeed in your course.

Marriage & Family combines a
positive and practical approach to
the study of marriage and family
life with a manageable amount of
sociological theory and research
citations. The text not only
provides students with a basic
understanding of marriage and
family life but helps them apply
the knowledge to enrich their
lives and nurture their own
intimate relationships.

The Quest for Intimacy
Prentice Hall

“ Anyone involved in,
embarking on, or yearning

for, an intimate relationship
should buy, borrow or steal
Intimate Partners. ” – New
Woman What goes on in our
intimate attachments? What
patterns of relationships do
couples tend to follow, and
why? The bonds we create
affect every aspect of our
lives, and yet our grasp of
them is limited by our
emotional reactions and
learned responses. Now, in
Intimate Partners, bestselling
author Maggie Scarf gives us
the classic book on
marriage – on how love
relationships are formed and

how they change over the
course of the marital cycle.
Here you ’ ll discover •
how to understand one ’ s
inherited emotional
history – and how fits with a
partner ’ s • the fascinating
ways in which power and
control, and intimacy and
autonomy exert strong effects
upon the kind of partnership
two people create •
surprising observations on
the role of sex and the impact
of children on marriage •
why change can be
experienced as a form of
betrayal – and how to ensure

that a relationship matures with, and is not impeded by, each individual's growth • simple exercises that couples can do to resolve tensions and change the nature of the world they share • verbal and physical techniques to cope with sexual difficulties and enliven a couple's connection during sex • straightforward methods for how to engage in healthy – not dysfunctional – quarrels Intimate Partners is a book that changes not only how we view love relationships, but

also how we live them. "Every marriage contains a story, and it begins long before the wedding, Maggie Scarf tells us in her ambitious, thought-provoking . . . ultimately compelling study. . . . Read it and feel consoled." – USA Today "Listen to Maggie Scarf . . . and you'll come away thinking that yes, marriage can be tough, living long-term with another person is one of the greatest challenges there is, but it's well worth the effort." – Chicago Tribune "Provocative . . .

Scarf writes lucidly and convincingly." – The Washington Post Book World The Quest for Intimacy McGraw-Hill Humanities, Social Sciences & World Languages Offering a positive view of the family, Cox's HUMAN INTIMACY: MARRIAGE, THE FAMILY, AND ITS MEANING, Eleventh Edition discusses the characteristics of successful intimate relationships, and teaches the decision-making skills that lead to strong marriages and families. You'll find coverage of such topics as diversity within the American family (including rural and military families), gay marriage, singles, cohabitation,

gender roles, theories of love, date rape and courtship violence, and parenting and life stages.

Check with the seller prior to purchase. -- Marriages & Families SAGE Publications This introduction to marriage and the family accentuates the positive aspects of relationships and focuses on enriching students'

knowledge and experience in building strong, successful relationships. The authors, both seasoned family scholars and therapists, integrate research, theory, and practical application with an interdisciplinary perspective of marriage and family. Throughout the book, emphasis is placed on both the diversity of ethnic and cultural groups as well as the types of family structures and intimate relationships that are common today. A variety of personal assessments and end-of-chapter exercises are provided to increase student understanding of interpersonal relationships.

Intimacy, Diversity, and Strengths Routledge

This book challenges readers to become involved in a direct way in examining their personal belief systems and societal views of the many diverse forms that marriages and families have taken in the past and their evolution in the present. The authors use a broad, inclusive approach, focusing on the link between social structure and their personal experiences of marriages, families, and intimate relationships. **Marriages and Families Over Time. A introductory text describing changes in intimate

relationships over the life span, with sections on social and psychological perspectives, the nature of intimate relationships, marriage and family relationships, the family as a unit, and conflict in marriage. Discussions photos emphasize diversity

Intimate Relationships in a Changing Society Breton

Publishing Company

This best-selling text on marriages, families, and relationships combines a rigorous scholarly and applied approach with a theme especially relevant to today's dynamic global environment: making choices in a diverse society. The authors use

an engaging narrative to create a highly readable text that offers insightful perspectives on the diversity of our modern society, including different ethnic traditions and family forms. The balanced presentation discusses a variety of theoretical perspectives (e.g., family ecology, structure-functional, interaction-constructionist, family systems, biosocial), emphasizing both social structure and the importance of individual agency, choice, and decision-making. Students are encouraged to question assumptions and reconcile conflicting ideas and values as they make informed choices in their own lives. Important Notice: Media content referenced within

The Couple and Family Technology Framework McGraw-Hill Humanities, Social Sciences & World Languages

Although based on Melville's *Marriage and Family Today*, this book has been completely reorganized and rewritten by Gloria Bird to reflect the diversity of families. To reflect the extent of this revision and the nature of families today, we have retitled the book, *Families and Intimate Relationships*. The revision includes new chapters on power and family violence, stress, interpersonal lifestyles, single-parent families and a new

appendix on managing a financial partnership. Bird's expertise in the areas of dual career families and stress is evident in the exceptionally strong coverage of these critical topics. Also available with this new edition is an Assessment Manual designed to help students evaluate their own interpersonal relationships.

New Mysoclab with Pearson Etext -- Standalone Access Card -- For Marriages, Families, and Intimate Relationships Wadsworth Publishing Company

"Three distinctive themes have guided our efforts in writing this book, and they

are woven throughout the text. The first is intimacy, and our focus is on how to develop and maintain close relationships. Most people seek connectedness and want to be involved in intimate relationships, the most intimate being marriage and family. This book is full of ideas, principles, and suggestions for building and keeping intimate relationships in your life. As a result, we hope this will be a book that you will want to keep and refer to throughout your life. The second key

theme is marital and family strengths. The family strengths perspective is based on the premise that if you approach relationships from a "problem-oriented" perspective, you will find problems. If you look for strengths, you will find strengths. Growing numbers of family educators and family therapists are using this approach today, helping families recognize their own strengths and use them as a foundation for positive growth. In Chapter 1, we identify a number of

strengths that have been found to be present in healthy marriages and families all over the world. Throughout the book, we show how these strengths help families provide healthy and nurturing settings that promote the growth and well-being of individual family members, better enabling them to face the challenges and solve the problems they encounter"--

Marriage & Family McGraw-Hill Humanities, Social Sciences & World Languages Taking an historical, cross-

cultural, and global approach, this book focuses on the link between social structure and the everyday lives of people's diverse experiences of marriages, families, and intimate relationships. It shows how contemporary families go well beyond the traditional, heterosexual, two-parent, white, middle class family and heterosexual legally-sanctioned marriage; challenges the assumption that one culture's way of doing things is the "natural" or "right" way; shows how marriage

and family life have changed historically over time and from place to place; and how political and economic globalization impacts families worldwide. Features extensive boxed material accompanied by questions for personal reflection.
