It is the belief of some that

operating in spiritual power in the church is an option that the Christian can take or leave. That all Christians should operate in spiritual power is repeatedly taught in the Bible. The fulfillment of the great commission of Jesus Christ to "go ye into all the world, and preach the gospel to every creature" (Mark 16:15) can only be done by a church that moves in the power of the Holy Spirit. This book is dedicated to elucidating and magnifying the powers that God has given the Christian to operate in. In the past, some of these powers have not been given the

---

attention and respect they deserve. A power viewed as a duty or obligation will not be fully embraced and used. A spiritual power that is viewed as a weapon will be used to bring about victory in the Christian's life. Spiritual powers used by the church will hasten the fulfillment of the great commission and thus hasten the return of the Lord Jesus Christ. The power Christian is one who basks in Holy Spirit fire. The full Christian is one who is being continuously filled and led by the Holy Spirit. May all of Christendom flow in the

powers that God has ordained, and may every child of God be in reality a power-full Christian.

Jovinianus, about whom little more is known than what is to be found in Jerome's treatise,

published a Latin treatise outlining several opinions: That a virgin is no better, as such, than a wife in the sight of God.

Abstinence from food is no better than a thankful partaking of food. A person baptized with the Spirit as well as with water cannot sin. All sins are equal. There is but one grade of punishment and one of reward in the future state. In addition to this, he held the birth of

Jesus Christ to have been by a "true parturition," and was thus refuting the orthodoxy of the time, according to which, the infant Jesus passed through the walls of the womb as his Resurrection body afterwards did, out of the tomb or through closed doors.

This collection of eleven essays originally appeared in France thirty years ago and created a literary whirlwind on the Left Bank. Cioran writes incisively

about Western civilizations, the writer, the novel, mystics, apostles, and philosophers. The *Temptation to Exist* first introduced this brilliant European thinker twenty years ago to American readers, in a superb translation by Richard Howard. This literary mystique around Cioran continues to grow, and *The Temptation to Exist* has become an underground classic. In this work Cioran writes about Western civilizations, the writer, the novel, about mystics, apostles, philosophers. For those to whom the very

word philosophy brings visions of arduous reading, be assured: Cioran is crystal-clear, his style quotable and aphoristic. “ A sort of final philosopher of the Western world. His statements have the compression of poetry and the audacity of cosmic clowning ” —The Washington Post
