Another Woman Abrams David Preston is a middle-aged lawyer, if not content, then accepting of the

status quo. He has reached the height of his career, is married to a devoted woman, and he has close friends. Although he appears to have it all, a deep depression grips him. He spends time staring aimlessly out his office window at the cold, unwelcoming city passing beyond his office every day, lost in the monotony and cold anonymity. That is

until one morning with his eyes fixed on the street below he sees a woman who, in a momentary glimpse, changes his life and how he views the world forever. We follow David on an erotic spiral of obsession and zealous devotion as he envisions a new life, a happier one, with this woman. What begins as simple attraction soon grows into something more, something relentless that drives him beyond the edge of madness.

In this hilarious black comedy, a foul-mouthed sock puppet named Tyrone soon teaches those around him that the urges that can drive a person to give in to their darkest desires fit like a glove. In *Hand to God*, a "true tour de force" (New York Times), Robert Askins has written a play of "unerring perfection" (Huffington Post). This suspenseful tale of a glamorous marriage, a reckless affair, and a vengeful obsession is “ deliciously readable ”

(Daily Mail). Tom and Octavia Fleming glitter among the chattering classes of London in the late 1990s. Tom, a brilliant political strategist, and Octavia, an equally talented charity consultant, appear to have it all—good looks, money, success, and three pretty children—everything but precious time together. The truth is Tom is having an affair—and when Octavia realizes it, she plots her revenge against her husband. But nothing prepares Octavia for the identity of Tom ’ s mistress,

and her misdemeanors hardly compare to the revenge enacted by the other woman after Tom calls it off . . . Described by Dominick Dunne as a writer “ with verve and heart, immersing the reader in a world of engrossing and unforgettable glamour and passion, ” and praised by Barbara Taylor Bradford as “ marvelously engrossing, ” Penny Vincenzi presents a novel packed with twists, trysts, and thrills.

ECPA BESTSELLER • A compelling emotional and spiritual case against hurry and in favor of a slower, simpler way of life "As someone all too familiar with 'hurry

sickness,' I desperately needed this book."—Scott Harrison, New York Times best-selling author of *Thirst*
"Who am I becoming?" That was the question nagging pastor and author John Mark Comer. Outwardly, he appeared successful. But inwardly, things weren't pretty. So he turned to a trusted mentor for guidance and heard these words:
"Ruthlessly eliminate hurry from your life. Hurry is the great enemy of the spiritual life." It wasn't the response he expected, but it

was—and continues to be—the answer he needs. Too often we treat the symptoms of toxicity in our modern world instead of trying to pinpoint the cause. A growing number of voices are pointing at hurry, or busyness, as a root of much evil. Within the pages of this book, you’ll find a fascinating roadmap to staying emotionally healthy and spiritually alive in the chaos of the modern world.

“Fifteen years after *The Life of Pi*, Yann Martel is taking us on another long journey. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR
In Lisbon in 1904, a young man named Tomás discovers an old journal. It

hints at the existence of an extraordinary artifact that—if he can find it—would redefine history. Traveling in one of Europe’s earliest automobiles, he sets out in search of this strange treasure. Thirty-five years later, a Portuguese pathologist devoted to the murder mysteries of Agatha Christie finds himself at the center of a mystery of his own and drawn into the consequences of Tomás’s quest. Fifty years on, a Canadian senator takes refuge in his ancestral village

in northern Portugal, grieving the loss of his beloved wife. But he arrives with an unusual companion: a chimpanzee. And there the century-old quest will come to an unexpected conclusion. The High Mountains of Portugal—part quest, part ghost story, part contemporary fable—offers a haunting exploration of great love and great loss. Filled with tenderness, humor, and endless surprise, it takes the reader on a road trip through Portugal in the last century—and

Something Dangerous

Simon and Schuster

This is the first study to examine the representation of illness, disability, and cultural pathologies in modern and contemporary Iberian and Latin American literature. Innovative and interdisciplinary, the collection situates medicine as an important and largely overlooked discourse in these literatures, while also considering the social, political, religious, symbolic, and metaphysical dimensions underpinning illness. Investigating how Hispanic and Lusophone writers have reflected on the personal and cultural effects of illness, it raises central

questions about how medical discourses, cultural pathologies, and the art of healing in general are represented. Essays pay particular attention to the ways in which these interdisciplinary dialogues chart new directions in the study of Hispanic and Lusophone cultures, and emerging disciplines such as the medical humanities. Addressing a wide range of themes and subjects including bioethics, neuroscience, psychosurgery, medical technologies, Darwinian evolution, indigenous herbal medicine, the rising genre of the pathography, and the

'illness as metaphor' trope, the collection engages with the discourses of cultural studies, gender studies, disability studies, comparative literature, and the medical humanities. This book enriches and stimulates scholarship in these areas by showing how much we still have to gain from interdisciplinary studies working at the intersections between the humanities and the sciences.

The Spoils of Poynton Abrams Jovinianus, about whom little more is known than what is to be found in Jerome's treatise,

published a Latin treatise outlining several opinions: That a virgin is no better, as such, than a wife in the sight of God. Abstinence from food is no better than a thankful partaking of food. A person baptized with the Spirit as well as with water cannot sin. All sins are equal. There is but one grade of punishment and one of reward in the future state. In addition to this, he held the birth of Jesus Christ to have been by a "true parturition," and was thus refuting the orthodoxy of

the time, according to which, the infant Jesus passed through the walls of the womb as his Resurrection body afterwards did, out of the tomb or through closed doors.

Yesterday, Pippa and Clara were free. Today the pretty blonde twins are slaves, kneeling terrified,

together with their mother Annamarie and their friend Aimee. Their fate is to be transported beyond the borders of the Empire, beyond any hope of rescue, and sold in the slave markets of the rogue planet Akkadis, notorious for its slave brothels, breeding farms, harems, and its barbaric Arena. It is the year 2999. On the borders of Man's vast Empire, the Atkoi tribes, human but long since reverted to barbarism, are preparing for war. As a weak emperor tries in vain to appease them, an interstellar passenger liner is boarded, looted and plundered. The most beautiful young women aboard, including Pippa and Clara

is on Akkadis on the

They soon realise they

victims of a betrayal
of cosmic proportions.
