She battles with storms, snakes, and interminable days at sea, in Great White Shark infested waters before finally being intercepted by a Mexican gunboat. Her subsequent incarceration in Mexico's most infamous prison, La Mesa, is almost more surprising: the treatment she receives and the people she meets become a transformative experience, as she recounts in this totally compelling personal journey. This is truly an extraordinary adventure story of a remarkable young woman operating in a man's world

These fascinating, never-before-published early diaries of Count Harry Kessler—patron, museum director, publisher, cultural critic, soldier, secret agent, and diplomat—present a sweeping panorama of the arts and politics of

Belle Époque Europe, a glittering world poised to be changed irrevocably by the Great War. Kessler's immersion in the new art and literature of Paris, London, and Berlin unfolds in the first part of the diaries. This refined world gives way to vivid descriptions of the horrific fighting on the Eastern and Western fronts of World War I, the intriguing private discussions among the German political and military elite about the progress of the war, as well as Kessler's account of his role as a diplomat with a secret mission in Switzerland. Profoundly modern and often prescient, Kessler was an erudite cultural impresario and catalyst who as a cofounder of the avant-garde journal *Pan met* and contributed articles about many of the leading artists and writers of the day. In 1903 he became director of the Grand Ducal Museum of Arts and Crafts in Weimar, determined to make it a center of aesthetic modernism together with his friend the architect Henry van de Velde, whose school of design would eventually become the Bauhaus. When a public scandal forced his resignation in 1906, Kessler turned to other projects, including collaborating with the Austrian writer Hugo von Hofmannsthal and the German composer Richard Strauss on the opera *Der Rosenkavalier* and the ballet *The Legend of Joseph*, which was performed in 1914 by the Ballets Russes in London and Paris. In 1913 he founded the Cranach-Press in Weimar, one of

the most important private presses of the twentieth century. The diaries present brilliant, sharply etched, and often richly comical descriptions of his encounters, conversations, and creative collaborations with some of the most celebrated people of his time: Otto von Bismarck, Paul von Hindenburg, Hugo von Hofmannsthal, Richard Strauss, Igor Stravinsky, Sergei Diaghilev, Vaslav Nijinsky, Isadora Duncan, Ruth St. Denis, Sarah Bernhardt, Friedrich Nietzsche, Rainer Marie Rilke, Paul Verlaine, Gordon Craig, George Bernard Shaw, Harley Granville-Barker, Max Klinger, Arnold Böcklin, Max Beckmann, Aristide Maillol, Auguste Rodin, Edgar Degas, Édouard Vuillard, Claude Monet, Edvard Munch, Ida Rubinstein, Gabriele D'Annunzio, Pierre Bonnard, and Walther Rathenau, among others. Remarkably insightful, poignant, and cinematic in their scope, Kessler's diaries are an invaluable record of one of the most volatile and seminal moments in modern Western history.

Finalist for 2012 National Jewish Book Award in the Holocaust category David Koker's diary is one of the most notable accounts of life in a German concentration camp written by a Jew during the

years of the Holocaust. First brought to attention when the Dutch historian Jacob Presser-Koker's history teacher in high school-quoted from Koker's diary in his monumental history, published in English as *The Destruction of the Dutch Jews* (1968), the diary itself became a part of the Dutch literary canon when it was published in 1977 as *Dagboek geschreven in Vught* (Diary Written in Vught). It has remained in print ever since, and is notable for its literary qualities, weaving poetry and powerful observations of the emotional life of a camp prisoner, including reflections after an in-person visit by Heinrich Himmler. Surprisingly, the book has never before been translated into English. During his time in the Vught concentration camp, the 21-year-old David recorded on an almost daily basis his observations, thoughts, and feelings. He mercilessly probed the abyss that opened around him and, at times, within himself. David's diary covers almost a year, both charting his daily life in Vught as it developed over time and tracing his spiritual evolution as a writer. Until early February 1944, David was able to smuggle some 73,000 words from the camp to his best friend Karel van het Reve, a non-Jew. With an informative introduction, annotation, and list of dramatis personae by Robert Jan van Pelt, *At the Edge of the Abyss* offers an immediate

and wholly original look into the life of a concentration camp prisoner.

Historical research into the Armenian Genocide has grown tremendously in recent years, but much of it has focused on large-scale questions related to Ottoman policy or the scope of the killing. Consequently, surprisingly little is known about the actual experiences of the genocide ’ s victims. *Daily Life in the Abyss* illuminates this aspect through the intertwined stories of two Armenian families who endured forced relocation and deprivation in and around modern-day Syria. Through analysis of diaries and other source material, it reconstructs the rhythms of daily life within an often bleak and hostile environment, in the face of a gradually disintegrating social fabric.

In this collection of short stories Richard Thomas shows us in dark, layered prose the human condition in all of its beauty and dysfunction. A man sits in a high tower making tiny, mechanical birds, longing for the day when he might see the sky again. A couple spends an evening in an underground sex club where jealousy and possession are the means of barter. A woman is victimized as a child, and turns that rage and vengeance into a lifelong mission, only to self-destruct, and become exactly what she battled against. These 20 stories will take you into the darkness, and sometimes bring you back. But now and then there is no getting out, the lights have faded, the pitch black wrapping around you like a festering blanket of lies. What will you do now? It's eat or be eaten-so bring a strong stomach and a hearty appetite. Praise for "Staring into the Abyss" "The stories in STARING INTO THE ABYSS are little literary predators that are smart, savage, and stealthy, with a lethal pounce at the end. Readers who enjoy finely-crafted and genuinely disturbing dark fiction will love Richard Thomas's outstanding collection." -Lisa Morton, Bram Stoker Award-winning author of *Monsters in L.A.*

"STARING INTO THE ABYSS by Richard Thomas is an outstanding book, a grim tapestry of broken lives and shattered dreams, of dark fantasies and dark reflections. It's one of the better single-author collections I've had the pleasure to read in recent years, and as such, gets my highest recommendation. It's also a fine testament to a talent I suspect we are going to be hearing a lot more from, and soon."

-Kealan Patrick Burke, Bram Stoker Award-winning author of *The Turtle Boy*, and *Kin*.

"With STARING INTO THE ABYSS, Richard Thomas takes you on a ride into a world of darkness and despair, punches you in the gut, and leaves you breathless. You'll hug your psyche a little tighter after reading."

-Damien Walters Grintalis, author of *Ink*

"STARING INTO THE ABYSS is gritty and ugly, seductive and sexy. Inside these filthy walls you will find everything you've ever feared you'd become; thugs, drunks, cons, prostitutes, murderers. Think of these pages as a mirror of what anyone--even you--can become, after just a few critical mistakes in life. Richard Thomas has proven time and again that he is one of the rising stars in the neo-noir culture. With *Staring into the Abyss*, he proves he has mastered it."

-Max Booth III, author of *True Stories Told By a Liar and Black Cadillacs* "NO ONE DOES IT like Richard Thomas. Dark and disturbing, his unique blend of horror and noir digs its way into your psyche and leaves you begging for more."

-C. W. LaSart, author of *Ad Nauseam* Reviews: "Richard Thomas may well be the best author that you haven't heard of yet...The longest story in the collection ['Victimized'] is...one of the best short stories that I've ever read. This kind of transgressive fiction is absolutely my favorite style of writing, leaning close enough towards horror to satisfy all of my darker urges."

-P.M. Buchan, *Starburst Magazine* "Richard Thomas is a workhorse who is no stranger to dark fiction. But with his newest anthology of short fiction...[he] cranks the intensity up a notch while simultaneously turning the dimmer switch all the way

down...Richard Thomas presents his gritty vision of despair at an unflinching, rapid-fire pace."

-Sean Leonard, *Horror News* "This collection examines darker elements of the human condition with a mixture of wit and unflinching brutality...There are some great stories here, ranging from subtle humor to rushes of adrenaline. 'Underground Wonder Bound' had me practically euphoric with its pitch-perfect ending. 'Victimized' had me on the edge of my seat, completely wrapped up in the story and oblivious to the world around me."

"The Cold War . . . was a fight to the death," notes Thomas C. Reed, "fought with bayonets, napalm, and high-tech weaponry of every

sort—save one. It was not fought with nuclear weapons.” With global powers now engaged in cataclysmic encounters, there is no more important time for this essential, epic account of the past half century, the tense years when the world trembled At the Abyss. Written by an author who rose from military officer to administration insider, this is a vivid, unvarnished view of America’s fight against Communism, from the end of WWII to the closing of the Strategic Air Command, a work as full of human interest as history, rich characters as bloody conflict. Among the unforgettable figures who devised weaponry, dictated policy, or deviously spied and subverted: Whittaker Chambers—the translator whose book, Witness, started the hunt for bigger game: Communists in our government; Lavrenti Beria—the head of the Soviet nuclear weapons program who apparently killed Joseph Stalin; Col. Ed Hall—the leader of America’s advanced missile system, whose own brother was a Soviet spy; Adm. James Stockwell—the prisoner of war and eventual vice presidential candidate who kept his terrible secret from the Vietnamese for eight long years; Nancy Reagan—the “ Queen of Hearts,” who was both loving wife and instigator of palace intrigue in her husband’s White House. From Eisenhower’s decision to beat the Russians at their own game, to the “ Missile Gap ” of the Kennedy Era, to Reagan’s vow to “ lean on the Soviets until they go broke ” —all the pivotal events of the period are portrayed in new and stunning detail with information only someone on the front lines and in backrooms could know. Yet At the Abyss is more than a riveting and comprehensive recounting. It is a cautionary tale for our time, a revelation of how, “ those years . . . came to be known as the Cold War, not World War III. ”

Today we are beset by a range of unprecedented developments that together, in this century, threaten the very existence of civilization. The current states of just ten forces -- capitalism, technology, the internet, politics, media, education, human nature, the environment, population, and transportation -- are driving society in predominantly negative ways. These forces are powerful and interconnected and their combined operation and dynamics will carry us into any number of disasters well before 2100. We have the

knowledge and solutions to address our difficulties, but for many reasons we won't be able to meaningfully employ either. There is immediate urgency to this story too. We face many threats, but one of them -- the internet and its algorithms -- is rapidly changing nearly everything about our world, including our very capacity to recognize how profound and dangerous the change is. In clear, direct language intended for every citizen, regardless of his or her politics or age, "Headed Into the Abyss" describes and analyzes how each force is shaping society, and tells the big-picture story of what those effects add up to. Wherever on the globe you live, it really is, and will be, the story of our time.
