From Sami Shah comes *Fire Boy*, an urban fantasy set in modern-day Pakistan, where djinns roam the street alongside corrupt cops, hustling beggars, and creatures from the darkest corners of Islamic mythology. Growing up in Karachi isn't easy. Wahid has a lot on his mind: the girl he likes, mostly, but also choosing a good university and finding time to play *Dungeons & Dragons*. Oh, and the fact that he can see djinns, other-worldly creatures made of a smokeless and scorching fire. After a horrific car accident kills his best friend and djinns steal his girlfriend's soul, Wahid vows to find out why. Fortunately, he has help in finding the djinns that tried to kill him. Unfortunately, that help is from the darkest of all spirits, the Devil himself ...

Fire Boy is filled with supernatural entities and high-paced action, but it also gives the reader a vivid insight into life in Pakistan. Praise for *Fire Boy* by Sami Shah 'Bold, compelling fantasy with a truly original setting.' – Saladin Ahmed 'Sami Shah blends the tenderness of Octavia Butler with the supernatural folklore of Nalo Hopkinson. His characters – human and otherwise – are skilfully drawn, and the vibrant streets of Karachi are vividly brought to life. *Fire Boy* is an eloquent imagination explosion.' – Maxine Beneba Clarke 'I was enchanted by the lyrical and atmospheric prose – Sami Shah brings the streets of Karachi to life with a deft hand, ancient folklore colliding with the modern internet age.' – Kylie Chan Cursed by Fire Grand Central Publishing

Poet, musician, computer analyst, and mystic Francis Knoll, in his second collection of poetry, considers the perspective of our modern age, which is facing a stressed and dying world, while also embracing the hope and realization of another hidden destiny. Through more than forty poems, *Piercing through the Silent Veil* takes a close look at our apparent world and the thin veil that separates us from a heightened vision and experience of reality. Cognizant of an eventual death, the verses examine life, with its many contradictions and failings, seeking to extract a meaningful and real existence. With a sense of destiny and higher purpose, these poems intertwine the frailty and problems of human life while struggling toward an inner silence and a separate parallel universe of presence. This poetry offers a lyric, metered, and accessible style, alluring with the hope of transporting the reader to a new state of being with a direction that leads one beyond the apparent and static world of forms. Written from the unique viewpoint, this poetry collection explores the world of appearances, forces, and eventual death, considering another reality defined by spiritual existence.

In *A Fierce Green Fire*, renowned environmental journalist Philip Shabecoff presents the definitive history of American environmentalism from the earliest days of the republic to the present. He offers a sweeping overview of the contemporary environmental movement and the political, economic, social and ethical forces that have shaped it. More importantly, he considers what today's environmental movement needs to do if it is to fight off the powerful forces that oppose it and succeed in its mission of protecting the American people, their habitat, and their future. Shabecoff traces the ecological transformation of North America as a result of the mass migration of Europeans to the New World, showing how the environmental impulse slowly formed among a growing number of

Americans until, by the last third of the 20th Century, environmentalism emerged as a major social and cultural movement. The efforts of key environmental figures -- among them Henry David Thoreau, George Perkins Marsh, Theodore Roosevelt, Gifford Pinchot, John Muir, Aldo Leopold, David Brower, Barry Commoner, and Rachel Carson -- are examined. So, too, are the activities of non-governmental environmental groups as well as government agencies such as the EPA and Interior Department, along with grassroots efforts of Americans in communities across the country. The author also describes the economic and ideological forces aligned against environmentalism and their increasing successes in recent decades. Originally published in 1993, this new edition brings the story up to date with an analysis of how the administration of George W. Bush is seeking to dismantle a half-century of progress in protecting the land and its people, and a consideration of the growing international effort to protect Earth's life-support systems and the obstacles that the United States government is placing before that effort. In a forward-looking final chapter, Shabecoff casts a cold eye on just what the environmental movement must do to address the challenges it faces. Now, at this time when environmental law, institutions, and values are under increased attack -- and opponents of environmentalism are enjoying overwhelming political and economic power -- *A Fierce Green Fire* is a vital reminder of how far we have come in protecting our environment and how much we have to lose.

Overview: To help celebrate the fourth centenary of the birth of St. John of the Cross in 1542, Edith Stein received the task of preparing a study of his writings. She uses her skill as a philosopher to enter into an illuminating reflection on the difference between the two symbols of cross and night. Pointing out how entering the night is synonymous with carrying the cross, she provides a condensed presentation of John's thought on the active and passive nights, as discussed in *The Ascent of Mount Carmel* and *The Dark Night*. All of this leads Edith to speak of the glory of resurrection that the soul shares, through a unitive contemplation described chiefly in *The Living Flame of Love*. In the summer of 1942, the Nazis without warrant took Edith away. The nuns found the manuscript of this profound study lying open in her room. Because of the Nazis' merciless persecution of Jews in Germany, Edith Stein traveled discreetly across the border into Holland to find safe harbor in the Carmel of Echt. But the Nazi invasion of Holland in 1940 again put Edith in danger. The cross weighed down heavily as those of Jewish birth were harassed. Sr. Teresa Benedicta of the Cross's superiors then assigned her a task they thought would take her mind off the threatening situation. The fourth centenary of the birth, of St. John of the Cross (1542) was

approaching, and Edith could surely contribute a valuable study for the celebration. It is no surprise that in view of her circumstances she discovered in the subject of the cross a central viewpoint for her study. A subject like this enabled her to grasp John's unity of being as expressed in his life and works. Using her training in phenomenology, she helps the reader apprehend the difference in the symbolic character of cross and night and why the night-symbol prevails in John. She clarifies that detachment is designated by him as a night through which the soul must pass to reach union with God and points out how entering the night is equivalent to carrying the cross. Finally, in a fascinating way Edith speaks of how the heart or fountainhead of personal life, an inmost region, is present in both God and the soul and that in the spiritual marriage this inmost region is surrendered by each to the other. She observes that in the soul seized by God in contemplation all that is mortal is consumed in the fire of eternal love. The spirit as spirit is destined for immortal being, to move through fire along a path from the cross of Christ to the glory of his resurrection.

Barnes, the supervisor of a Hot Shot wildfire suppression crew, is haunted by the season past, when many members of his dedicated, young team were killed in a Colorado forest fire that went all wrong, scorching the Hot Shots as they fled, some as they struggled into their fire shelters. He wakes each morning in the presence of their ghosts as they proceed across his bedroom or assemble at his kitchen table, their eyes asking questions that he cannot answer. As he tries to unravel the threads of what happened - what went wrong - he relives the deadly fire again and again in his mind. Barnes's responsibility for the lost lives is an unbearable weight upon him, lightened only by his neighbor, a little girl named Grace, who lives with her mother and grandfather. This family of three has its own struggles, and Barnes is able to help each of them through the simple act of friendship and, finally, one lucky act of salvation. But it is they who save him, ultimately, and as Barnes becomes more deeply enmeshed in their lives, he understands that the ghosts may not be with him forever. Robinson skillfully pieces together the past while interweaving it with the present, creating an unforgettable mosaic of heroism, fatal errors, sorrow, and hope. One hundred sermons that display the victorious, although sometimes painful, historical and spiritual pilgrimage of black people in America. A groundbreaking anthology, *Preaching with Sacred Fire* is a unique and powerful work. It captures the

stunning diversity of the cultural and historical legacy of African American preaching more than three hundred years in the making. Each sermon, as editors Martha Simmons and Frank A. Thomas reveal, is a work of art and a lesson in unmatched rhetoric. The journey through this anthology—which includes selections from Jarena Lee, Frederick Douglass, Malcolm X, Martin Luther King Jr., Gardner C. Taylor, Vashti McKenzie, and many others—offers a rare view of the unheralded role of the African American preacher in American history. The collection provides new insights into the underpinnings of the black fight for emancipation and the rise and growth of the Civil Rights and Black Power movements. Sermons from the first decade of the twenty-first century point toward the future of African American preaching. Biographies of the preachers put their work in the cultural and homiletic context of their periods. The preachers of these sermons are men and women from a range of faiths, ancestries, and educational backgrounds. They draw on a vast and luminous landscape of poetic language, using metaphor, rhythm, and imagery to communicate with their congregations. What they all have in common is hope, resilience, and sacred fire. “ Even during the most difficult and oppressive times,” Simmons and Thomas write in the preface, “ the delivery, creativity, charisma, expressivity, fervor, forcefulness, passion, persuasiveness, poise, power, rhetoric, spirit, style, and vision of black preaching gave and gives hope to a community under siege.” This magnificent work beautifully renders the complexity, spiritual richness, and strength of African American life.
