THE FIELD OF CLOVER - Fairy Tales for Children Abela Publishing Ltd For fans of David Almond 's

Skellig and Patrick Ness ' s A Monster Calls, here is a lyrical, atmospheric, and deeply emotional middle-grade novel with a touch of magical realism. Twins Jamie and Ned do everything together, from watching their favorite show, Star Trek, to riding their bikes, to beachcombing after a storm. But Ned is sick with cystic fibrosis, and he may someday leave Jamie behind. One day the boys find a strange animal

on the beach:
smooth flesh on
one end, scales
at the other, and
short arms and
legs with long
webbed fingers
and toes. Could
it be a merman,
like in the old
stories Granddad
tells? Together,
the boys name
the creature
Leonard and
decide to hide
him in a tub in
their garage. But
. . . why is
Leonard here?
Jamie hopes he
might bring
some miracle
that will stop his
brother from
going where he
can no longer
follow. But Ned,
who grows
closer to

Leonard every
day, doesn't
seem to be

A sexy, sleek-tailed monster. Zantu has evaded the mate-bond for thirty-five years, dodging promiscuous mermaids with vile intents. Now he's bonded to a human. A

woman looking for a reason to live.

Briana thinks her life is over after the loss of her child. Instead, she falls into the arms of a merman who is anything but cold-blooded. He's wild, seductive, and sets her blood on fire every time he touches her, and soon she begins to need him for more than his magic to breathe underwater. He might just give her a new purpose. Hogarth Beckon the sea, I'll come to thee....

Shed seven tears, perchance seven years.... At the age of ten, Gwen Cooke had a strange encounter with a boy with dark, slightly tilted eyes. He came to her on the beach, whispered strange words in her ear, and then disappeared.

Shortly thereafter, her family moved away from their seaside home and Gwen never saw the boy again. Now seventeen, Gwen is returning to her

childhood home. Her nana asked her to come. But Gwen knows it's time to go back for another reason: She yearns for the sea. Perhaps the sea itself is calling to her. Perhaps the memory of the boy and his haunting words are drawing her back to the place they met. Perhaps it's time for her to face her destiny.

What doesn't kill you sometimes makes you wish it had... Priddy's a lost soul in a part of Cornwall the tourists don't get to see. He's young, sweet-

gorgeous, but that's not enough to achieve escape velocity from his deadbeat village and rotten family life. He's a drifter and a dreamer, and self-preservation isn't his strong suit. An accidental overdose of a nightclub high leaves him fractured, hallucinating, too many vital circuits fried to function in a tough world. When a friend offers him winter work in a lighthouse - nothing to do but press the occasional button and keep the windows clean -

he gratefully accepts. His plans to live quietly and stay out of trouble don't last very long. A ferocious Atlantic storm washes a stranger to Priddy's lonely shore. For a shipwrecked sailor, the new arrival seems very composed. He's also handsome as hell, debonair, and completely unconcerned by Priddy's dreadful past. Priddy has almost given up on the prospect of any kind of friendship, and a new boyfriend - let alone a six-foot beauty with eerily good swimming skills - out of the question entirely.

But Merou seems to see undreamed-of promise in Priddy, and when they hit the water together, Priddy has to adapt to Merou's potentials too, and fast. His lover from the sea might be a mere mortal from the waist up, but south of that line... Far-flung west Cornwall has a hundred mermaid tales. Priddy's loved the stories all his life. Now he has to face up to a wildly impossible truth. Merou's life depends upon his courage and strength, and if Priddy can only find his way in the extraordinary world opening up

all around him, all the ocean and a human lifetime needn't be enough to contain the love between merman and mortal.
