A dream world turns haunting nightmare in this spellbinding debut novel, perfect for fans of Circus Mirandus and The Night Gardener. After Andrea's brother, Francis, disappeared, everything changed. Her world turned upside down, and there was nothing she could do to right it. So when she discovers a magical dream world called Reverie in the woods near her home, Andrea jumps at the chance to escape her pain and go inside. But the cost of admission is high: Andrea must give up a memory in order to enter. And she knows exactly which memory she'd like to give up. Once inside, Andrea discovers tent after tent of dreams come alive; she can fly on a gust of wind, brave swashbuckling pirates and search for buried treasure, reach for--and wish on--a tangible star, and much, much more. But Andrea soon realizes that not all of Reverie's dreams are meant to delight, and the Sandman behind the circus tents seems to have plans of his own. When Andrea finds a tent in which her brother's darkest nightmare has been brought to life, she realizes the dark truth: Reverie is not an escape; it's a trap. Will Andrea and her new friend Penny have what it takes to find Francis, figure out what's really going on in Reverie, and break free from this nightmarish dream world? A wonderfully inventive, deliciously creepy debut novel that is sure to linger in readers' minds long after the last thrilling page has been turned. Praise for The Circus of Stolen

“ Delightful debut travelogue by botanist Malusa, who cycled to the lowest point on each of six continents. ” —Kirkus Reviews
With plenty of sunscreen and a cold beer swaddled in his sleeping bag, writer and botanist Jim Malusa bicycled alone to the lowest point on each of six continents, a six – year series of “ anti – expeditions ” to “ anti – summits. ” His journeys took him to Lake Eyre in the arid heart of Australia, along Moses ’ route to the Dead Sea, and from Moscow to the Caspian Sea. He pedaled across the Andes to Patagonia, around tiny Djibouti in the Horn of Africa, and from Tucson to Death Valley. With a scientist ’ s eye, Malusa vividly observes local landscapes and creatures. As a lone man, he is overfed by grandmothers, courted by ladies of the night in Volgograd, invited into a mosque by Africa ’ s most feared tribe, chased by sandstorms and hurricanes—yet Malusa keeps riding. His reward: the deep silence of the world ’ s great depressions. A large – hearted narrative of what happens when a friendly, perceptive American puts himself at the mercy of strange landscapes and their denizens, Into Thick Air presents one of the most talented new voices in contemporary travel writing. “ I ’ ve followed all of Jim ’ s amazing and hilarious journeys, and I am happy to claim him as one of my favorite writers. ” —Barbara Kingsolver, New York Times bestselling author “ His descriptions of desert landscapes can be

extraordinary . . . You can almost feel the dry gusts turning Malusa ’ s lips into cracked leather. ” —The New York Times

This is the same amazing story as the current version, but with an updated cover and foreword. If you'd like to read Barbara Savage's two-year around the world bicycle trip now, you can order the current version here. Miles from Nowhere is the story of Barbara and Larry Savage ’ s sometimes dangerous, often zany, but ultimately rewarding 23,000-mile bicycle odyssey, which took them through 25 countries in two years. Along the way, these near-neophyte cyclists on their ten-speeds encountered warm-hearted strangers eager to share food and shelter, bicycle-hating drivers who ran them off the road, various wild animals (including an attack camel), rock-throwing Egyptians, overprotective Thai policeman, motherly New Zealanders, meteorological disasters, bodily indignities, and great personal joys. The stress of traveling together constantly tested yet strengthened the young couple's relationship and as their trip ends, you'll find yourself yearning for Barbara and Larry to jump back on their bikes and keep pedaling. Originally published in 1983, Miles from Nowhere has provided inspiration for legions of modern travel-adventurers and writers.

A stunning psychological thriller about friship, drugs, and murder from the author of The Vanishing. Egon Wagter and Axel van de Graaf met when they were both fourteen and on vacation in Belgium. Axel is fascinating, filled with an amoral energy by which the more prudent, less adventurous Egon is both mesmerized and repelled. Even as a teen, Axel has a strange power over those around him. He defies authority, seduces women, breaks the law. Axel chooses Egon as a friend, a friendship that somehow ures over time and ends up determining Egon's fate. During his university studies, Egon frequents Axel's house in Amsterdam, where there is a party every night and women fill the rooms. Though Egon chooses geology over Axel's life of avarice and drug dealing, he remains intrigued by his friend's conviction that the only law that counts is the law he makes himself. Egon believes that Axel is a demonic figure who tempts others only because he knows they want to be tempted. By the time he is in his forties, Egon finds himself divorced and with few professional prospects. He turns for help to Axel, who sends him to Ratanakiri, a fictional country in Southeast Asia. Axel gives Egon a suitcase to deliver-and Egon never returns. Utterly compelling and resonant, The Cave is an unforgettable story of betrayal in the spirit of Tim Krabb é 's remarkable first novel, The Vanishing. Class Penguin

"Based on his popular series in the New York Times chronicling his cross-country bicycle trip, bestselling author Bruce Weber shares his adventures from his solo ride across the USA. Riding a bicycle across the US is one of those bucket-list goals that many dream about but few achieve. Bestselling author and New York Times reporter Bruce Weber made the trip, solo, over the summer and fall of 2011--at the age of fifty-seven. Expanding upon his popular series published in The New York Times, Life Is a Wheel is the witty and inspiring account of his journey, where he extols the pleasures of cycling and reflects on what happened on his adventure, in the world, in the country, and in his life. The story begins on the Oregon coast with a middle-aged man wondering what he's gotten himself into and ends in triumph on the George Washington Bridge, wondering how soon he might try it again. Part travelogue, part memoir, part paeon to the bicycle as a simple and elegant mode of both mobility and self-expression--and part wry and panicky account of a fifty-seven-year-old man's attempt to stave off mortality--Life Is a Wheel is an elegant and entertaining escape for any armchair traveler"--Knowing Otherwise Catapult

Take one very large guy. Add booze, cigarettes, and an extreme amount of junk food. Mix in a wry, self-effacing wit. Throw in a bike. The result? Heft on Wheels, a potentially funny look at turning your life around, one insanely unrealistic goal at a time. Not that long ago, Mike Magnuson was a self-described lummoX with a bicycle. In the space of three months, he lost seventy-five pounds, quit smoking, stopped drinking, and morphed from the big guy at the back of the pack into a lean, mean cycling machine. Today, Mike is a 175-pound athlete competing in some of the most difficult one-day racing events in America. This irreverent and inspiring memoir charts every hilarious detail of his transformation, from the horrors of skin-tight XXL biking shorts to the miseries of nicotine withdrawal. Heft on Wheels is an unforgettable book about getting from one place to another, in more ways than one.

" A compelling story of everyday courage " (Elizabeth Gilbert). Patty Chang Anker grew up eager to please and afraid to fail. But after thirty-nine years, she decided it was time to stop being a chicken.

Motivated initially to become a better role model for her two kids, she vowed to master the fears that were choking the fun and spontaneity out of life. She learned to dive into a swimming pool, ride a bike, do a handstand, and surf. As she shared her experiences, she discovered that most people suffer from their own secret terrors—of flying, driving, heights, public speaking, and more. It became her mission to help others do what they thought they couldn 't and to experience the joy and aliveness that is the true reward of becoming brave. Inspired and inspiring, this book draws on Anker 's interviews with teachers, therapists, coaches, and clergy to convey both practical advice and profound wisdom. Through her own journey and the stories of others, she conveys with grace and infectious exhilaration the most vital lesson of all: Fear isn 't the end point to life, but the point of entry.

Sudden, extreme deaths have always fascinated us-- and now more than ever as athletes and travelers rise to the challenges of high-risk sports and journeys on the edge. In this spellbinding book, veteran travel and outdoor sports writer Peter Stark reenacts the dramas of what happens inside our bodies, our minds, and our souls when we push ourselves to the absolute limits of human endurance. Combining the adrenaline high of extreme sports with the startling facts of physiological reality, Stark narrates a series of outdoor adventure stories in which thrill can cross the line to mortal peril. Each death or brush with death is at once a suspense story, a cautionary tale, and a medical thriller. Stark describes in unforgettable detail exactly what goes through the mind of a

cross-country skier as his body temperature plummets-- apathy at ninety-one degrees, stupor at ninety. He puts us inside the body of a doomed kayaker tumbling helplessly underwater for two minutes, five minutes, ten minutes. He conjures up the physiology of a snowboarder frantically trying not to panic as he consumes the tiny pocket of air trapped around his face under thousands of pounds of snow. These are among the dire situations that Stark transforms into harrowing accounts of how our bodies react to trauma, how reflexes and instinct compel us to fight back, and how, why, and when we let go of our will to live. In an increasingly tamed and homogenized world, risk is not only a means of escape but a path to spirituality. As Peter Stark writes, "You must try to understand death intimately and prepare yourself for death in order to live a full and satisfying life." In this fascinating, informative book, Stark reveals exactly what we ' re getting ourselves into when we choose to live-- and die-- at the extremes of endurance.
