Examine the sociological meaning in Hurricane Katrina, same-sex marriage, the abuses at Abu Ghraib prison and scores of modern, compelling issues such as these in Andersen and Taylor's updated new edition of this easy-to-understand text. The book uses research and data to illustrate how class, race-ethnicity, gender, age, geographic residence, and sexual orientation relate to key sociological topics.. Andersen and Taylor inspire you to think for yourself about sociology with the book's "Debunking Society's

Terrible Magnificent Sociology

SAGE Publications

Introduction to Sociology 2e
adheres to the scope and sequence
of a typical, one-semester

introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are

described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Society in America Research & Education Assoc.

Is it true that religion is weakening in modern times, or are we facing religious resurgence? What is fundamentalism? How does it emerge and grow? What role does religion play in ethnic and national conflicts? Is religion a fundamental driving force or do political leaders use religion for their own purposes? Do all religions oppress women? These are some of the questions addressed in this book. An

Introduction to the Sociology of Religion provides an overview of sociological theories of contemporary religious life. Some chapters are organized according to topic. Others offer brief presentations of classical and contemporary sociologists from Karl Marx to Zygmunt Bauman and their perspectives on social life, including religion. Throughout the book, illustrations and examples are taken from several religious traditions.

The Real World SAGE REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides

summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. Sociology reviews sociological perspectives, methods of research, socialization and self-formation, cultures, society, theories of societies, social structure and the social process, social groups and organizations, deviance, law and crime, the family, social stratification, gender and sexuality, ethnicity and race, aging and the elderly, health care, collective behavior, social movements and social change.

Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been

redeemed previously and you may have to purchase a new access code. Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Viewing our society from a conflict perspective. This introductory text, written from a conflict perspective, emphasizes four themes: diversity, the struggle by the powerless to achieve social justice, the changing economy, and globalization. In *Conflict and Order: Understanding Society* studies the forces that lead to stability and change in society and asks: Who benefits from the existing social arrangements, and who does not? How are human beings shaped by society?

What are the forces that maintain social stability, produce social inequality, and resist social change? Teaching & Learning Experience This program will provide a better teaching and learning experience--for you and your students. Here's how:

- Personalize Learning - MySearchLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.
- Improve Critical Thinking - Students are encouraged to critically evaluate social sources of behavior and conflict.
- Engage Students - The author provides examples of those who have been empowered to achieve positive

social change. Explore Theory - A conflict perspective is used to examine social structures. Understand Diversity - This text examines economic global transformations in the U.S., the struggle to achieve social justice, and the inclusion of race, class, and gender. Support Instructors - MySearchLab with eText, an Instructor's Manual & Test Bank, and PowerPoint presentations are available. Prentice Hall

The most relevant textbook for today's students.

Introduction to Sociology Routledge
Chapman & Hall

Many introductory texts claim to make sociology relevant to student interests. Perhaps no other text has done this so completely - and engagingly - as Connecting Sociology to Our Lives. Tim Delaney not only uses popular and contemporary culture examples, he explains sociology thoroughly within the frame of the contemporary culture of students - a culture shaped by political, economic, and environmental trends just as much as by today's pop stars. This book will help academics to engage their students in sociology through the prism of their own culture. It involves

students in critical thinking and classroom discussion through the book's many 'What Do You Think?' inserts, and will inspire them to careers with the book's unique chapter, 'Sociology's Place in Society: Completing the Connection'.

the correct answer-so you'll be prepared on test day. REA is the acknowledged leader in CLEP* preparation, with the most extensive library of CLEP* titles available. Our test preps for CLEP* exams help you earn valuable college credit, save on tuition, and get a head start on your college degree.

A Humanistic Perspective Open Road Media

My Sociology reconceptualizes intro sociology for the changing demographics in today ' s higher education environment. Concise and student-focused, My Sociology captures students' attention with engaging stories and a focus on non-dominant populations. Rather than introducing students to theory and history at the beginning of the text, the book integrates the necessary information throughout to keep students engaged.

Human Growth and Development CLEP
Study Guide Tata McGraw-Hill Education

The first edition of A Contemporary Introduction to Sociology was the first truly new introductory sociology textbook in decades. Written by two leading sociologists at the cutting edge of theory and research, the text reflected the idioms and interests of contemporary American life and global social issues. The second edition continues to invite students to reflect upon their lives within the context of the combustible leap from modern to postmodern life. The authors show how culture is central to understanding many world problems as they challenge readers to confront the risks and potentialities of a postmodern era in which the futures of both the physical and social environment seem uncertain. As culture rapidly changes in the 21st century, the

authors have broadened their analysis to cover developments in social media and new data on gender and transgender issues.

CLEP Introductory Sociology Study Guide - Ace the CLEP Routledge

This complete guide provides an overview of the corresponding chapter in the student text, summarizes its major topics and concepts, offers applied exercises, and features end-of-chapter quizzes with solutions.

Sociology Allyn & Bacon

Packed with current examples you can easily relate to, Tischler's **INTRODUCTION TO SOCIOLOGY, 11E** delivers comprehensive, up-to-date coverage in a succinct and affordable format. The author begins by equipping you with tools for success, including

tips for how to read, study, and take tests more effectively. A built-in study guide and practice tests ensure thorough understanding. The text threads two basic ideas throughout: sociology is a rigorous, scientific discipline, and basic knowledge of sociology is essential for understanding social interaction in many work and social settings. With its streamlined 16 chapters, **INTRODUCTION TO SOCIOLOGY, 11E** delivers cutting-edge coverage that is concise yet thorough--and makes sociology completely accessible.

Contemporary Introduction to Sociology
SAGE

This groundbreaking new introduction to sociology is an innovative hybrid textbook and reader. Combining seminal scholarly works, contextual narrative and in-text didactic materials, it presents a rich, layered and comprehensive introduction to the discipline. Its unique approach will help inspire a creative, critical, and analytically sophisticated sociological imagination, making sense of society and the many small and large problems it poses.

Discover Sociology Routledge

Presents the lives of poor African-American men who make their subsistence wages by selling used goods on the streets of Greenwich Village in New York; and discusses how they interact with passing pedestrians, police officers, and each other.

Sociology Routledge

Comprehensive and engaging, this textbook introduces students not only to foundational sociological work, but also to insights from contemporary sociological theory and research. This combined approach ensures that students become familiar with the core of sociology: key concepts, theories, perspectives, methods, and findings. Students will acquire the ability to think like a sociologist, investigate and understand complex social phenomena. This text presents a complete sociological toolkit, guiding students in the art of asking good sociological questions, devising a sophisticated theory and developing methodologies to observe social phenomena. The chapters of this book build cumulatively to equip students with the tools to quickly understand any new sociological topic or contemporary social problem. The textbook also applies the sociological toolkit to selected key sociological issues, showing how specific sociological topics can be easily

investigated and understood using this approach. Taking a global and comparative perspective, the book covers a rich diversity of sociological topics and social problems, such as crime, immigration, race and ethnicity, media, education, family, organizations, gender, poverty, modernization and religion. The book presents a range of helpful pedagogical features throughout, such as: Chapter overview and learning goals summaries at the start of every chapter; Thinking like a sociologist boxes, encouraging students to reflect critically on learning points; Principle boxes, summarizing key sociological principles; Theory schema boxes, presenting sociological theories in a clear, understandable manner; Stylized facts highlighting key empirical findings and patterns; Key concepts and summary sections at the end of every chapter; and Companion website providing additional material for every chapter for both instructors and students, including PowerPoint lecture notes, discussion questions and answers, multiple-choice

questions, further reading and a full glossary of terms. This clear and accessible text is essential reading for students taking introductory courses in sociology. It will also be useful for undergraduate and graduate courses in other social science disciplines, such as psychology, economics, human geography, demography, communication studies, education sciences, political science and criminology.

<p><u>Culture and Society in Transition</u> Univ of California Press</p> <p>4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.</p> <p>A Short Introduction Routledge</p> <p>This is Sociology is an engaging, concise introduction to the key concepts used for studying social life. It covers a diverse range of theorists from the rich history of sociology and shows how thinking sociologically can help us understand our lives, the groups we are part of, and the rapid social changes and inequalities that shape contemporary societies. Key features: Uses compelling international</p>	<p>examples and a range of theoretical perspectives from across the world, including theorists that have often been omitted from the established sociological canon. Covers topics such as globalization, culture, gender, race, and class. Introduces the latest approaches emerging from efforts to build an inclusive global sociology, one that moves beyond a Eurocentric perspective and is equipped for the challenges of the 21st Century. The book is essential reading for anyone new to studying sociology and is supported by a wide range of podcasts, videos, and discussion questions.</p> <p>Sociology Essentials Routledge</p> <p>Using engaging stories and a diverse cast of characters, Lisa Wade memorably delivers what C. Wright Mills described as both the terrible and the magnificent lessons of sociology. With chapters that build upon</p>
---	--

one another, *Terrible Magnificent Sociology* represents a new kind of introduction to sociology. Recognizing the many statuses students carry, Wade goes beyond race, class, and gender, considering inequalities of all kinds and their intersections. She also highlights the remarkable diversity of sociology, not only of its methods and approaches but also of the scholars themselves, emphasizing the contributions of women, immigrants, and people of color. The book ends with an inspiring call to action, urging students to use their sociological imaginations to improve the world in which they live.

By Henry L. Tischler W.W. Norton & Company

This textbook explores the emergence of sociology as a distinct social science. Focusing on the evolution of social theories, movements and ideas through history, it analyses the dynamic relationship between the individual and the larger social forces around them. The volume examines the definitive aspects of societies, communities and social groups and their intersections with culture, political and economic movements, and religious institutions. It establishes the connections between sociology and disciplines such as political science, economics, psychology, anthropology, and philosophy to explore how these inform our understanding of social behaviour. The chapters provide rich descriptions and categorisations of quantitative and qualitative methods of research and interpretation of social life and theory. Drawing from the works of classical social theorists such as August Comte, Herbert

Spencer, Karl Marx, Emile Durkheim and Max Weber, it traces the development of sociological theories and perspectives and its relevance in the history of ideas. Lucid and comprehensive, this textbook will be useful for undergraduate and post graduate students of sociology, development studies, history of ideas, sociological thought, social theory, research methods, political science and anthropology.
