The introduction to a

research paper can be the
most challenging part of
the paper to write. The
length of the introduction
will vary depending on the
type of research paper you
are writing. An introduction
should announce your
topic, provide context and
a rationale for your work,
before stating your
research questions and
hypothesis.

The introduction gives an overall review of the paper, but does address a few slightly different issues from the abstract. It works on the principle of introducing the topic of the paper and setting it in a broader context, gradually narrowing the topic down to a research problem, thesis and hypothesis.
