Introduction to Federal Income Taxation in Canada, 2013-2014

Integrating theory and policy in an accessible, yet challenging approach, **Federal Income Taxation** features a tradition of distinguished authorship, reaching back to the original author Boris Bittker, eminent tax scholar from Yale Law. William A. Klein, who retires as of this edition, has a long-established reputation across academia, business and the federal government, and Bankman, Shaviro and Stark represent the best-known of younger tax scholars. A unique introduction lends insight to both the historical background and economic analysis of federal taxation for individuals. Problems interspersed between Notes and Questions help students comprehend the complexity of the material. The Sixteenth Edition expands the highly successful international perspective, comparing tax rules in a variety of countries. A revised discussion of progressivity against the background of current tax rate debates is completely up-to-date. An important new discussion of Mayo Foundation for Medical Education and Research v. United States considers the degree of judicial deference to Treasury regulations, and new material introduces recent codification of the economic substance doctrine. Hallmark features of **Federal Income**

Taxation: Problems interspersed between Notes and Questions Esteemed authorship o Original author Boris Bittker, eminent tax scholar o William A. Klein (retires as of this edition), distinguished reputation in taxation o Bankman, Shaviro and Stark, among the best-known younger tax scholars Unique introduction with insightful historical background and economic analysis Theory and policy integrated throughout Accessible, yet challenging Thoroughly updated, the revised Sixteenth Edition presents: Expansion of successful international comparisons to tax rules in other countries Revised and updated discussion of progressivity against the background of current tax rate debates New discussion of Mayo Foundation for Medical Education and Research v. United States , concerning the degree of judicial deference to Treasury regulations New material on recent codification of the economic substance doctrine **Introduction to Federal Income Taxation in Canada [2015-2016]: Study guide**
This first edition casebook provides a comprehensive introduction to the law of federal income taxation. Coverage includes foundational concepts, core statutory and regulatory provisions, and specialized terminology. Students can use **Federal Income Taxation in Focus** and its associated materials to build a solid knowledge base and to enhance critical lawyering

skills (e.g., comprehending complex rules and presenting persuasive text-based arguments). Because it provides thorough substantive grounding and familiarizes students with practice materials and research tools, the casebook enables students not only to make a meaningful contribution in a clinical setting but also to proceed comfortably to advanced study at the J.D. or L.L.M. level.
