**ENGL 300 - Lecture 1 - Introduction | Open Yale Courses**

Theory is a set of ideas based on a framework to explain a phenomenon, or more simply put

its how and why I think something happens.

There are theories of everything, but for this introduction we are talking about political, economic and social theory as well as philosophical ideas. These types of theory are pretty self explanatory, political theory concerns itself with politics and political ideas, economics concerns itself with economic systems and how they operate and social theory ...
