How I Invest My Money Harriman House Limited According to Richard Houston, with the right information and attitude, YOU can be one of the lucky success stories out on the leading edge of business development and growth. Of course, in reality, getting there involves a lot more than luck (although a bit of that doesn't hurt). It takes clarity, guts,

determination, courage-and a blueprint for the most crucial preparations and protections. Houston's mission, following his own successful string of businesses that made him independently wealthy and free to pursue his passions, is to help people obtain the financial education we all need to free us from the tyranny of modern money markets-and from our own ignorance. With that freedom, with open eyes and new awareness of both pitfalls and possibilities, we can escape the rat race to which most of us resigned ourselves long ago. And while it takes some work, it's NOT impossible. In this fast-reading story Houston looks at all the options to where you can invest today and provides a fresh and honest assessment of where he feels is the best investment to make. In order to understand Houston's beliefs you are taken on a journey through the ages to understand what will affect your decisions. From the history of money to the US housing crisis and the dominant effects that come from decisions made by Government and the Federal Reserve. Houston explains how the coming world wide depression will have a profound effect on the decisions you will make and he encourages you to explore a true financial education for the sake of not just you but your friends and family. So grab a coffee and take a moment to read this book from start to finish and truly start grasping what you need to do in the future.

2018 TAX CUTS. There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent. Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In *The Power of Zero*, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law in its first year of being in effect, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?

For readers of #GIRLBOSS and viewers of *Shark Tank*—a global revolution in entrepreneurship is under way, inspiring women to blaze a trail of financial self-reliance and become self-made. Featuring a foreword by Suze Orman. What does it mean to be self-made? It's not just about having money, but financial empowerment is where it begins. It means getting out of survival mode, where you are one problem away from catastrophe. It means changing your mindset from instant gratification to goal orientation. It means being able to sleep at night without worry. It means being rich in every way: rich in money, rich in family, rich in love, rich in time—abundant! For Nely Galán—entrepreneur, TV producer, and real estate mogul—helping women to become self-made is a movement and a mission. Galán

pulls no punches. She is the straight-talking friend and mentor you've always wanted, and here she shares valuable, candid, no-nonsense lessons learned on her own path to becoming self-made (" There is no Prince Charming " ; " Think like an immigrant " ; " In your pain is your brand " ; " Don ' t buy shoes, buy buildings! "). You ' ll read inspiring stories of women who started and grew businesses out of ingenuity, opportunity, and need. You ' ll find exercises to help you identify your goals and your strengths. You ' ll learn tips and tricks for saving money, making money, and finding " hidden money " that can help jump-start your self-made dreams. When you become self-made, the change in you inspires change in those around you, because one of the greatest rewards of a self-made life is seeing how the sparks from your personal revolution can light a fire in others. So come, join the Self-Made movement. The revolution starts inside of you! Praise for Self-Made " A much-needed and wise book that teaches women not to fear money but to see it as a means of reaching our dreams. Nely shows us how to become money courageous instead of finance fearful. I want to give this book to so many women (and men) I know. Thank you, Nely. " —Sandra Cisneros " Nely Gal á n and I have traveled the country together helping women grow their businesses and live their dreams. I know firsthand that Nely is the ultimate self-made woman and your best girlfriend. Her generosity of spirit jumps off the page as she shares the secrets of her hard-won success and her contagious confidence. " —Nell Merlino, creator of Take Our Daughters to Work Day and founder of Count Me In for Women ' s Economic Independence " Self Made teaches women to unleash their spark and hustle. Nely inspires readers to use what they have to get what they want on their path to becoming self-made. " —Tory Johnson, " Deals & Steals " contributor on ABC ' s Good Morning America and author of the #1 New York Times bestseller The Shift " You are not truly complete as a woman until you feel confident and empowered to make decisions about your money. Throughout my career, I have seen how a woman who takes ownership of her financial life is transformed and liberated, and how that in turn has a tremendous impact on her children. This is my belief and my personal experience, and it ' s why Self Made resonates so strongly with me. The Banker's Secret Vanguard

As the recession deepens, with a downturn in spending, rise in

defaulting mortgages and throttling of credit, a Go-Go economy has transitioned to a Uh-Oh economy. How did we get here and what does it mean for individuals and families? The New Frugality lays out how Americans have overspent-and offers a way out through consuming less and saving more-showing that living simply is not just living "cheaply." What is required is a paradigm shift. We need to learn to live more modestly by cutting back on spending, actually attempting to live within our means and increasing savings. Farrell outlines creative new ways of thinking that can help us to accomplish this, not just by reverting to earlier financial models, but by innovating new solutions that are appropriate to the times we live in. In some ways, The New Frugality is the fiscal equivalent of the green movement; and indeed, going green is also part of the project. In The New Frugality Farrell will show where the economy is going, how it will affect regular families, and how they can weather the storm.

The world of investing normally sees experts telling us the 'right' way to manage our money. How often do these experts pull back the curtain and tell us how they invest their own money? Never. How I Invest My Money changes that. In this unprecedented collection, 25 financial experts share how they navigate markets with their own capital. In this honest rendering of how they invest, save, spend, give, and borrow, this group of portfolio managers, financial advisors, venture capitalists and other experts detail the 'how' and the 'why' of their investments. They share stories about their childhood, their families, the struggles they face and the aspirations they hold. Sometimes raw, always revealing, these stories detail the indelible relationship between our money and our values. Taken as a whole, these essays powerfully demonstrate that there is no single 'right' way to save, spend, and invest. We see a kaleidoscope of perspectives on stocks, bonds, real assets, funds, charity, and other means of achieving the life one desires. With engaging illustrations throughout by Carl Richards, How I Invest My Money inspires readers to think creatively about their financial decisions and how money figures in the broader quest for a contented life. With contributions from: Morgan Housel, Christine Benz, Brian Portnoy, Joshua Brown, Bob Seawright, Carolyn McClanahan, Tyrone Ross, Dasarte Yarnway, Nina O'Neal, Debbie Freeman, Shirl Penney, Ted Seides, Ashby Daniels, Blair duQuesnay, Leighann Miko, Perth Tolle, Josh Rogers, Jenny Harrington, Mike Underhill, Dan Egan, Howard Lindzon, Ryan Krueger, Lazetta Rainey Braxton, Rita Cheng, Alex Chalekian
