Rule #1 Biggerpockets Publishing, LLC  
What, where, and how to buy! The Complete Idiot's Guide® to Real Estate Investing Basics presents the practical advice and knowledge readers need to get started in the residential real estate market. Based on the knowledge of an established expert, this guide teaches readers how to find properties that have the greatest investment potential, make offers and negotiate deals, locate great tenants, and re-sell properties for maximum profit. • According to the US Census Bureau, there were an estimated 123.3 million housing units in the US in the first quarter 2005.

• Residential real estate is always on the move. • Baby boomers are growing older, and many look at real estate investing as a safe way to assure their current standard of living. The Beginner's Guide to Real Estate Investing Penguin For Making Sense of Investing Today...the Fully Revised and Expanded Edition of the Bestselling The Motley Fool Investment Guide Today, with the Internet, anyone can be an informed investor. Once you learn to tune out the hype and focus on meaningful factors, you can beat the Street. The Motley Fool Investment Guide, completely revised and updated with clear and witty explanations, deciphers all the new information -- from evaluating individual stocks to creating a diverse investment portfolio. David and Tom Gardner have investing ideas for you -- no matter how much time or money you have. This new edition of The

Motley Fool Investment Guide is built for today's investor, sophisticate and novice alike, with updated information on: Finding high-growth stocks that will beat the market over the long term Identifying volatile young companies that traditional valuation measures may miss Using Fool.com and the Internet to locate great sources of useful information *Essential Guide To Safe Investing* Simon and Schuster Whether working, single, married, or widowed, every woman should have a basic understanding about how to invest and manage her money. This valuable new reference introduces, in easy to understand language, the world of investing to any woman who wants to learn more. It is an indispensable guide for developing an investment program to insure one's financial security. Advance praise for *Investment Basics for Women* from top financial

---

executives "Women need to take control of their financial lives, and this book is an important step. Kathy Buys and Jonathan Berohn have done a terrific job explaining the concepts and issues for women." —Bridget A. Macaskill President and Chief Executive Officer Oppenheimer Funds, Inc. "Experts estimate that 90% of all women will have sole control over their finances at some point in their lives...Through this book, Kathy has clarified the basics of investing and provided the tools necessary for women to face their unique issues in preparing for the future." —Elizabeth T. Sorrells Senior Vice President, Colonial Investment Services, Inc. Co-author of two books: Financial Planning Under the New Rules: An Investor's Guide to the Tax Reform Act of 1986 Tax Reform Act of 1986: The Financial Planner Seminar Series

**Learn to Earn** John Wiley & Sons

**#1 NEW YORK TIMES BESTSELLER** • "The clearest and best book out there to get you on the path to riches. This one's special!"—Jim Cramer, host of CNBC's Mad

Money "Great tools for anyone wanting to dabble in the stock market."—USA Today Phil Town is a very wealthy man, but he wasn't always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true "rules" are and how to make them work in one's favor. Chief among them, of course, is Rule #1: "Don't lose money." In this updated edition to the #1 national bestseller, you'll learn more of Phil's fresh, think-outside-the-box rules, including: • Don't diversify • Only buy a stock when it's on sale • Think long term—but act short term to maximize your return • And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can't help but regress to the mean—and as we've all learned in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even

the biggest investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.

Choose FI Lightbulb Press, Inc.

Value investing moves in and out of favour, but the data doesn't lie. It has always worked, and will continue to work — as long as investors apply a value discipline and invest for the long term. In *The Case for Long-Term Value Investing*, experienced Wall Street pro Jim Cullen presents the eye-opening data that backs this up, explaining how investors can use the value approach for successful investing today, as well as sharing a wealth of fascinating stories from his time on the Street. Discover: The true principles of value investing Jim's stock-picking method in detail Inspiring case studies of successful value investments How to apply the value discipline through practical strategies. *The Case for Long-Term Value Investing* also includes a concise history of the last 100 years of market history — showing just how crazy the market can be — with a review of bear markets, recessions, bubbles, melt-ups, interest rates, and much, much more. *The Case for Long-Term Value Investing* is the

---

ultimate introductory guide to how and why value investing works, how to understand the markets, and how to be a successful investor.

The AAI Journal John Wiley & Sons

For more than twenty-five years, *The Only Investment Guide You'll Ever Need* has been a favorite finance guide, winning the allegiance of more than a million readers across America. Now this indispensable book has been fully updated and reorganized with an even more user-friendly design.

Through concise, witty, and truly understandable tips and explanations, Andrew Tobias shows you how to make the most of your money—no matter how much or how little you have. Book jacket.

*Why Stocks Go Up (and Down)* Createspace Independent Publishing Platform

**NEW YORK TIMES BESTSELLER** For the first time ever, an international coalition of leading researchers, scientists and policymakers has come together to offer a set of realistic and bold solutions to climate change. All of the techniques described here - some well-known, some you may

have never heard of - are economically viable, and communities throughout the world are already enacting them. From revolutionizing how we produce and consume food to educating girls in lower-income countries, these are all solutions which, if deployed collectively on a global scale over the next thirty years, could not just slow the earth's warming, but reach drawdown: the point when greenhouse gasses in the atmosphere peak and begin to decline. So what are we waiting for?

*The Intelligent Investor* Adams Media  
In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. In *The Little Book that Beats the Market*—a New York Times bestseller with 300,000 copies in print—Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying

a formula that seeks out good businesses when they are available at bargain prices. Now, with a new Introduction and Afterword for 2010, *The Little Book that Still Beats the Market* updates and expands upon the research findings from the original book.

Included are data and analysis covering the recent financial crisis and model performance through the end of 2009. In a straightforward and accessible style, the book explores the basic principles of successful stock market investing and then reveals the author's time-tested formula that makes buying above average companies at below average prices automatic. Though the formula has been extensively tested and is a breakthrough in the academic and professional world, Greenblatt explains it using 6th grade math, plain language and humor. He shows how to use his method to beat both the market and professional

---

managers by a wide margin. You ' ll also learn why success eludes almost all individual and professional investors, and why the formula will continue to work even after everyone " knows " it. While the formula may be simple, understanding why the formula works is the true key to success for investors. The book will take readers on a step-by-step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market. As the Wall Street Journal stated about the original edition, " Mr. Greenblatt...says his goal was to provide advice that, while sophisticated, could be understood and followed by his five children, ages 6 to 15. They are in luck. His ' Little Book ' is one of the best, clearest guides to value investing out there. "

Investing 101 Noobie noohu Discover the ins and outs of Wall Street with the 2nd edition to the engaging, informative, and easy-to-navigate guide to investing with all-new entries and updates throughout. Investing for the first time can be intimidating. In easy-to-understand language, Stock Market 101, 2nd Edition provides the groundwork needed to begin building knowledge on the stock market. More than one million hardcovers sold Now available for the first time in paperback! The Classic Text Annotated to Update Graham's Timeless Wisdom for Today's Market Conditions The greatest investment advisor of the twentieth century, Benjamin Graham taught and inspired people worldwide. Graham's philosophy of "value investing" -- which shields investors from substantial error and teaches them to develop long-term strategies -- has made The Intelligent Investor the stock market bible ever since its original publication in 1949. Over the years, market developments have proven the wisdom of Graham's strategies. While preserving the integrity of Graham's original text, this revised edition includes updated commentary by noted financial journalist Jason Zweig, whose perspective incorporates the realities of today's market, draws parallels between Graham's examples and today's

---

financial headlines, and gives readers a more thorough understanding of how to apply Graham's principles. Vital and indispensable, this HarperBusiness Essentials edition of *The Intelligent Investor* is the most important book you will ever read on how to reach your financial goals.

*Investing From the Top Down: A Macro Approach to Capital Markets*  
Penguin UK

The best investment guide money can buy, with over 1.5 million copies sold, now fully revised and updated. Especially in the wake of the financial meltdown, readers will hunger for Burton G. Malkiel's reassuring, authoritative, gimmick-free, and perennially best-selling guide to investing. Long established as the first book to purchase before starting a portfolio, *A Random Walk Down Wall Street* features new material on the Great Recession and the global credit crisis as well as an increased focus on the long-term potential of emerging markets. Malkiel also evaluates the full range of investment opportunities in today's volatile markets, from stocks, bonds, and money markets to real estate

investment trusts and insurance, home ownership, and tangible assets such as gold and collectibles. These comprehensive insights, along with the book's classic life-cycle guide to investing, chart a course for anyone seeking a calm route through the turbulent waters of the financial markets.

*The Little Book That Still Beats the Market*  
Allen & Unwin

A 10-step guide to achieving financial freedom through property investing. Property investing has long been recognised as one of the most successful long-term wealth creation strategies. With interest rates at all-time lows, it looks set to continue to be so. There are so many approaches to property investing, it's no wonder people struggle to understand the fundamentals that drive success in property. This comprehensive, easy-to-understand guide aims to educate readers on how they can begin their own property investment journey with ruthless

military precision and efficiency. Written by two former military professionals, Lachlan Vidler and Tori Colls, *A Military Guide to Property Investing* presents the step-by-step method they followed to amass an impressive portfolio of properties while still in their twenties. Based on the military principles of strategy, discipline and execution, it offers a fail-safe plan to take control of your financial destiny.
