**Investing: The Last Liberal Art: Robert G. Hagstrom ...**

In this updated second edition of *Investing: The Last Liberal Art*, Hagstrom explores basic and fundamental investing concepts in a range of fields outside of economics, including physics, biology, sociology, psychology, philosophy, and literature. He discusses, for instance, how the theory of evolution disrupts the notion of the efficient market and how reading strategies for

literature can be gainfully applied to investing research.

*Investing: The Last Liberal Art book by Robert G. Hagstrom*

Investing: The Last Liberal Art deals with the former, by way of educating and stimulating the reader of the starting points to the big ideas within seven disciplines. Perfectly fitting to the idea of interconnectedness and understanding X due to seeing the similarities with Y, Hagstrom is the obvious hand-in-glove author of this book.
