In 1985, Nelson Mandela, then in prison for 23 years, set about winning over the fiercest proponents of apartheid, from his jailers to the head of South Africa's military. First he earned his freedom and then he won the presidency in the nation's first free election in 1994. But he knew that South Africa was still dangerously divided. If he couldn't unite his country in a visceral, emotional way--and fast--it would collapse into chaos. He would need all the charisma and strategic acumen he had honed during half a century of activism, and he'd need a cause all South Africans could share. Mandela picked one of the more far-fetched causes imaginable--the national rugby team, the Springboks, who would host the sport's World Cup in 1995. Author Carlin, former South Africa bureau chief for the London Independent, offers a portrait of the greatest statesman of our time in action.--From publisher description.

It provides a general introduction to film literacy and explains the rationale, methods, and objectives of working with feature films. Each chapter describes the topical focus of the film and its central theme and provides background information on social, historical, political, and geographical issues. A profound analysis of selected scenes lays the foundation for considerations on the teaching potential of the film. In a download section, the chapters are complemented with ready-to-use teaching materials on film-specific aspects (narrative, dramatic and cinematographic dimensions), which are organised as pre-/while-/post-viewing activities. Nelson Mandela, who emerged from twenty-six years of political imprisonment to lead South Africa out of apartheid and into democracy, is perhaps the world's most admired leader, a man whose life has been led with exemplary courage and inspired conviction. Now Anthony Sampson, who has known Mandela since 1951 and has been a close observer of South Africa's political life for the last fifty years, has produced the first authorized biography, the most informed and comprehensive portrait to date of a man whose dazzling image has been difficult to penetrate. With unprecedented access to Mandela's private papers (including his prison memoir, long thought to have been lost), meticulous research, and

hundreds of interviews--from Mandela himself to prison warders on Robben Island, from Walter Sisulu and Oliver Tambo to Winnie Mandela and F. W. de Klerk, and many others intimately connected to Mandela's story--Sampson has composed an enlightening and necessary story of the man behind the myth.

A Personal Portrait W. W. Norton
Equal parts freedom fighter and statesman, Nelson Mandela bestrode the world stage for the past three decades, building a legacy that places him in the pantheon of history's most exemplary leaders. As a foreign correspondent based in South Africa, author John Carlin had unique access to Mandela during the post-apartheid years when Mandela faced his most daunting obstacles and achieved his greatest triumphs. Carlin witnessed history as Mandela was released from prison after twenty-seven years and ultimately ascended to the presidency of his strife-torn country. Drawing on exclusive conversations with Mandela and countless interviews with people who were close to him, Carlin has crafted an account of a man who was neither saint nor superman. Mandela's seismic political victories were won at the cost of much personal unhappiness and disappointment. Knowing Mandela offers an intimate understanding of one of the most towering and remarkable figures of our age.

Voici le récit palpitant et inspirant de l'une des plus grandes offensives de charme de l'histoire : la campagne de Nelson Mandela pour unifier son pays, en un parcours de dix ans d'une cellule de prison à un tournoi de rugby. Ce livre a inspiré le film éponyme réalisé par Clint Eastwood avec Morgan Freeman et Matt Damon. En 1985, Nelson Mandela, alors incarcéré depuis 23 ans, entreprit de vaincre les partisans les plus impitoyables de l'apartheid, de ses collègues jusqu'au commandement de l'armée sud-africaine. Il commença par gagner sa libération, puis remporta la présidence du pays en 1994. Mais il savait que l'Afrique du Sud était encore dangereusement divisée par presque 50 ans d'apartheid. S'il ne pouvait l'unir rapidement, d'une façon viscérale et émotionnelle, son pays allait s'effondrer dans le chaos. Il lui fallait mettre en œuvre tout son charisme et son discernement stratégique au moyen d'une cause que tous les Sud-Africains pouvaient partager. Mandela choisit l'une des causes les plus improbables que l'on pût imaginer : l'équipe nationale de rugby, les Springboks, allait accueillir le tournoi de la Coupe mondiale de 1995. Il estimait en effet que le sport avait le potentiel nécessaire pour rallier les Sud-Africains de toutes races et il avait raison...

In 1921, some 10,000 West Virginia coal miners-- outraged over years of brutality and exploitation-- picked up their Winchesters and marched against their tormentors, the powerful mine owners who ruled their corrupt state. For ten days the miners fought a pitched battle against an opposing legion of deputies, state police, and makeshift militia. Only the intervention of a Federal expeditionary force ended this undeclared war. In The Battle of Blair Mountain, Robert Shogan shows this long-neglected slice of American history to be a saga of the conflicting political, economic, and cultural forces that shaped the power structure of twentieth-century America.

We know all too well the cruelties, hurts, and hatreds that poison life on our planet. But my daughter and I have come together to write this book because we know that the catalogue of injuries that we can and do inflict on one another is not the whole story of humanity, not by a long measure. We are indeed made for something more. We are made for goodness. —from Made for Goodness Over the years the same questions get asked of Desmond Tutu, the archbishop, Nobel Peace Prize winner, and veteran of the moral movement that ended apartheid in South Africa: "How can you be so hopeful after witnessing so much evil?" "Why are you so sure goodness will triumph in the end?" This book is his answer. Now, more than any other time in history, our world needs this message: that we are made for goodness and it is up to us to live up to our destiny. We recognize Archbishop Tutu from the headlines

as an inspirational figure who has witnessed some of the world's most sinister moments and chosen to be an ambassador of reconciliation amid political, diplomatic, and natural disasters. Now, we get a glimpse into his personal spirituality—and a better understanding of the man behind a lifetime of good works. In this intimate and personal sharing of his heart, written with his daughter, Episcopal priest Mpho Tutu, Tutu engages his reader with touching stories from his own life, as well as grisly memories from his work in the darkest corners of the world. There, amid the darkness, he calls us to hope, to joy, and to claim the goodness that we were made for. Tutu invites us to take on the disciplines of goodness, the practices that are key to finding fulfillment, meaning, and happiness for our lives.

Gavin Aung Than, an Australian graphic designer turned cartoonist, started the weekly Zen Pencils blog in February 2012. He describes his motivation for launching Zen Pencils: "I was working in the boring corporate graphic design industry for eight years before finally quitting at the end of 2011 to pursue my passion for illustration and cartooning. At my old job, when my boss wasn't looking, I would waste time reading Wikipedia pages, mainly biographies about people whose lives were a lot more interesting than mine. Their stories and quotes eventually inspired me to leave my job to focus on what I really wanted to do. The idea of taking these inspiring quotes, combining them with my love of drawing and sharing them with others led to the creation of Zen Pencils." "Zen Pencils deftly blends the inspired thoughts of our great creative and moral thinkers with its own fresh visual wit. Because these work as pithy history lessons illuminating timeless human truths, it's no wonder Gavin's engaging comics go viral!" —Michael Cavanaugh, Washington Post's Comic Riffs

"Sometimes all it takes is a clear, original vision and a talented hand. heart at least once, check your pulse. You're dead." —Philip Plait, The Bad Astronomer "Gavin has the amazing ability to make words and ideas come alive. He teaches, inspires, and brings a whole new level of creativity to the quotes that hold a special place in our hearts."
