The iPad Pro 2020 version comes in two variants, the 11 and 12.9 inches screen, with the only difference being the size. Both in design, processor, capabilities, and other features, both devices are identical. The main characteristics for which the new iPad Pro stand out lie in its tremendous power, backed by the new A12Z Bionic; this is a more powerful processor than the A13 Bionic that the iPhone 11 incorporates. This iPad is capable of carrying out any type of process without problems, such as video, photo, or audio editing. The dual camera that makes its first appearance on an iPad will allow you to take good photos, but it is more intended for the field of Augmented Reality. Also, in these new tablets, you can get much more performance thanks to the LiDAR sensor that incorporates a time of flight technology (ToF). This book contains everything you need to know about your iPad Pro (2020 version) running on the iPadOS. This book will help you master your iPad in a very quick, easy, and straightforward manner.
