Going Back To The Basics! One thing that sets this phone apart from other iPhones is that it has a physical home button. According to industry analysts, Apple is expected to sell 30 million iPhone SE 3 smartphones by the end of 2022. This astounding figure demonstrates how well the new iPhone SE 3 is doing. The iPhone SE 3 stands out in the affordable category thanks to a top-tier chipset, a much-improved battery, and 5G connectivity. This book is for you if you've just purchased your first iPhone, switched from Android to iPhone, or are upgrading from an older model and: 1. Aren't sure what to do following the unboxing and first setup process and 2. Want to make the most of your new iPhone. I cover everything you need to know about the iPhone SE, from the most important new features to how to optimize your iPhone's settings, battery life, and performance. This book may contain some hidden gems even if you know what you're doing. A 2,018-mAh battery powers the iPhone SE 2022. The additional upgrading of 5G could reduce battery life.

Learn how to make your iPhone SE 3 battery last all day! Discover how to: Copy and paste information from your iPhone SE to your iPad with simple gestures. Use your Bluetooth mouse on your iPhone SE. Navigate your phone if your Home button stops working (Backup function). Scan your document with an iPhone native app right on your device. Activate SIM lock security and prevent unauthorized access to your data, calls, or contacts in case you lose your phone. Navigate back to the top right away after scrolling endlessly. Make your iPhone SE 2022 charge comfortably using MagSafe. Adjust Siri's voice and use it to control your phone and help you perform tasks. Turn your iPhone SE 2022 camera into a magnifier. Activate the feature that will help limit the strain on the eye and let you sleep well. Activate a focus profile that can work across your Apple devices. Copy and paste information without having to write them down manually. Send hidden or blurred messages to your recipients on iMessage. Discover a quick and easy way to access specific websites right from the home screen. Find data being gathered all the time on your iPhone and sent to Apple for analysis and other third-party app developers that use a lot of battery. STOP your iPhone from gathering and sending out these data. While this is a lengthy list, it is by no means exhaustive, and your iPhone is capable of much more. Whether you're a novice or are simply a tech enthusiast, you should definitely check this book out! With powerful performance and inexpensive cost, the new iPhone SE (2022) provides several features to make your life easier. In this book, you'll learn helpful tips and tricks, how to adjust settings and everything you need to know about the 2022 iPhone SE 3 and its capabilities, including SCREENSHOTS for pictorial understanding. If you believe some news stories, the latest iPhone update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 8) then you will most probably find it useful. If you are ready to learn read on!

The Apple Watch has now gone from strength to strength in its fifth version since its launch, incorporating novel features and improving those features where necessary. With the topics covered in this book, you'll enjoy these benefits with your Apple Watch Series 5: It's got a display that never sleeps. It displays the time conspicuously. It can be personalized anyhow you like. It comes with apps to keep watch over your heart (the heart rate monitor is one of the finest in the industry). It informs you when things become a little loud. It allows you to track your cycle with just a tap. It helps you to accomplish your fitness goals. It inspires you to move, workout, and to stand up. It streams your favorite songs. It has a powerful sense of direction. It gets apps in a blink of an eye. It lets you function without your phone nearby. It cries out for help when you need it. It uses Siri effectively. Whether it's the fitness app that's easy to use, the ability to wirelessly stream music straight to your Bluetooth headphones, AirPods, or AirPods Pro, or using the Apple Watch to make payment with Apple Pay when you're on the move, there is much to like about Apple Watch 5. To some, it's probably an understatement to say it's a game-changer. Do not wait any longer; get this book now to enjoy these benefits!
