The People's Covenant and God's Hammer have raged a Cold War that has lasted for over twenty years. A war without armies, where battles are fought in the dark and information is the most dangerous weapon. In this world—which sometimes seems the Middle Ages, sometimes the Renaissance and sometimes the Nineteenth Century—lives Yáxtor Brandan, empirical adept at the service of the Queen of Alboné. A relentless, amoral and unscrupulous character, Yáxtor fights to recover his own past as he tries to prevent a new player in the espionage game to end the world, as he knows it. A fascinating fast-moving and complex plot, full of tension and surprises and excellently paced; a main character for whom it should be impossible to feel the slightest sympathy, and yet somehow we do, even as his cruelty disturbs us more and more -an extremely difficult feat to pull off so successfully; powerful secondary actors, who either leave you with a sense of uneasiness with regard to their motivations and loyalties, or make you want to shout out -as people did in the early days of cinema- "Look out, don't trust him!"; and a pervading atmosphere of tragedy, especially in a final unexpected and shocking, yet on reflection almost inevitable, scene. In short, a totally addictive and highly original novel set in a world that is at once both strangely familiar and disturbingly alien. —Steve Redwood, author of Fisher of Devils.

Beccy Cole's inspirational memoir from the heart of Australian country music. Beccy Cole has country music in her blood. Daughter of a country music star, Carole Sturtzel, she is one of the most popular country singer-songwriters in Australia today. This is the story of her life - in her own words. At fourteen, Beccy was performing in her mother's group, Wild Oats. By her late teens, Beccy had teamed up with the Dead Ringer Band - Kasey Chambers' family band - and had attracted the attention of the country music world by winning the Star Maker quest: the same award that started the careers of Keith Urban, Lee Kernaghan, James Blundell and Gina Jeffreys. It was just the first of many awards and accolades for this multitalented woman with a big heart. With refreshing candour, Beccy shares her story: leaving everything she knew to pursue her dream, making a name for herself with her own band; her marriage and motherhood; her subsequent divorce, becoming a single mother and maintaining the nurturing love of family. Performing for the Australian troops in Afghanistan. Coming out, and what it has meant for her and her fans. Taking control of her own life - and finding love. Heartfelt and honest, *Poster Girl* is the inspirational memoir of a strong woman who epitomises the authentic spirit of country music, and of Australia.

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
