This is still 4th generation Apple iPod Shuffle (from wikipedia, this new color refresh is still under 4th
generation category). This product is small, actually very small. I know you can use your iPhones or
Androids and even get more storage space than this, but shuffle has a different target of users, mostly
for active and on the go users.

The 4th Generation iPod Shuffle is a classic design, with its square shape, buttons on the front, two switches
on top, clip on the back, and a size that's not much bigger than a quarter. Be careful not to confuse this model
with the 2nd generation version.
