generation) manuals**

It's easiest to identify the 4th
gen. iPod nano based on
what it doesn't have, rather
than what it does. Since the
4th and 5th gen. models
look so similar, the key way
to tell them apart is to look
for the video camera lens on
the backside. If there's no
lens, you've got the 4th
generation nano.

[iPod touch User Guide - Official Apple Support](#)

The first generation iPod touch lacks a built-in speaker, and the first, second, and third generation iPod Touch lack a microphone, a camera, and a flash. Starting with the 4th generation iPod Touch, a camera and microphone were added, and starting with the 5th generation iPod Touch, support for AirDrop and an LED flash were added.
