Lovelace provides an introduction to Ada 95, one of the most widely used programming languages in the world. Although the reader is assumed to have a basic understanding of programming, no prior exposure to Ada is assumed and all the basics of the language are covered. The book comprises eighteen chapters each of which is composed of short sections designed to cover a small number of key concept and to provide a test question to check the reader's understanding of the concepts covered. Each chapter then concludes with a small quiz to help ensure that the reader has grasped the principles covered in the chapter. One of Ada 95's new features, its object-oriented facilities, is covered in depth, and all of the essential features of Ada programming are covered thoroughly. In Ada 95 significant enhancements were also added to Ada's ability to interface with other programming languages (such as C, Fortran, and Cobol) and these are covered in one chapter. As a result both students and professional programmers learning Ada for the first time will welcome this new text.

Silver Falchion Awards 2016 Winner: Best First Novel, Best Political Thriller, Best Female Detective/Sleuth In Kris Calvin's debut mystery *One Murder More*, a beautiful legislative aide is found stabbed to death in California's Capitol building. Maren Kane, a lobbyist for a fledgling Sacramento-based toy company, is in the midst of a legislative fight that could make or break her career. She doesn't have time for a coffee break let alone involvement in a murder investigation. But when police arrest Maren's colleague for the crime, she's certain they have the wrong man. The cops suspect a crime of passion—love gone wrong. Maren knows that in the capital, money and power drive all things tragic and scandalous. Sex and love are little more than window-dressing. But will she be able to prove her theory—and free her friend—before she becomes the next victim?

Emma Lawson must race against the clock to rescue a kidnapped child and stop a killer whose master plan only begins with murder. The body shot and killed in the early morning hours by the Sacramento River would have been an easy case for Detective Alibi Morning Sun to solve if only his prime suspect weren't already in jail. Across town, California's youngest lead government ethics investigator Emma Lawson is enjoying a day off to help her best friend, Kate, open a new business when amidst a hail of gunfire, Kate's teen son, Luke, goes missing. Over a harrowing forty-eight hours, as Alibi gathers new evidence to determine the identity of the riverside killer and Emma desperately searches for 15-year old Luke, the two investigations collide. At the heart of both is a kidnapped three-year old girl and a diabolical plot with stakes Emma could never have imagined. Will Emma and Alibi be in time to bring the girl and teen to safety and to stop a calculating killer whose plan threatens all that Emma holds dear?
