How do you become a Registered Tax Return Preparer (RTRP)? You do not need an advanced degree, or even a college education; however, it does require some work. First, you must prepare for the IRS competency exam. The IRS has two separate tests that you can take depending on the type of returns you will file. This course covers both tests and provides FREE access to an online test bank for you to practice. Practice exams are also available online. We designed this course with you in mind, utilizing the experience of Enrolled Agents, CPA's and former IRS employees. In addition to providing you with a solid foundation in tax knowledge, this course has the essential material you must know to pass the test. New regulations require all paid tax return preparers-other than certain exempt individuals-to register for a PTIN, pass a competency exam, and complete 15 hours of annual continuing education. These registered tax return preparers will need to follow the rules in Circular 230 but are not enrolled to practice before the IRS.
