#1 New York Times Bestseller USA Today Bestseller The Globe and Mail Bestseller Publishers Weekly Bestseller Whose truth is the lie? Stay up all night reading the sensational psychological thriller that has readers obsessed, from the #1 New York Times bestselling author of It Ends With Us. Lowen Ashleigh is a struggling writer on the brink of financial ruin when she accepts the job offer of a lifetime. Jeremy Crawford, husband of bestselling author Verity Crawford, has hired Lowen to complete the remaining books in a successful series his injured wife is unable to finish. Lowen arrives at the Crawford home, ready to sort through years of Verity's notes and outlines, hoping to find enough material to get her started. What Lowen doesn't expect to uncover in the chaotic office is an unfinished autobiography Verity never intended for anyone to read. Page after page of bone-chilling admissions, including Verity's recollection of the night her family was forever altered. Lowen decides to keep the manuscript hidden from Jeremy, knowing its contents could devastate the already grieving father. But as Lowen's feelings for Jeremy begin to intensify, she recognizes all the ways she could benefit if he were to read his wife's words. After all, no matter how devoted Jeremy is to his injured wife, a truth this horrifying would make it impossible for him to continue loving her.

[A Christian's Guide to Evidence for the Bible](#) Wm. B. Eerdmans Publishing

2011 Retailers Choice Award winner! "Why are Christians against same-sex people getting married? . . . Why do you believe God exists at all? . . . Why would God allow evil and suffering? . . . Why trust the Bible when it's full of mistakes? . . . How could a loving God send people to hell? . . . What makes you think Jesus was more than just a good teacher? . . . Why are Christians so judgmental?" Some questions can stop a conversation. Today, more than ever, people are raising difficult, penetrating questions about faith, God, and the Bible. Based on an exclusive new Barna survey of 1,000 Christians, *The Questions Christians Hope No One Will Ask* presents compelling, easy-to-grasp answers to ten of the most troubling questions facing Christians today. These include everything from the existence of heaven to the issues of abortion and homosexuality, as well as the question of whether evolution eliminates our need for a God.

If you think atheists have reason, evidence, and science on their side, think again! Award-winning author Dr. Frank Turek (*I Don't Have Enough Faith to be an Atheist*) will show you how atheists steal reason, evidence, science, and other arguments from God in trying to make their case for atheism. If that sounds contradictory, it's because it is! Atheists can't make their case without appealing to realities only theism can explain. In an engaging and memorable way, *Stealing from God* exposes these intellectual crimes atheists are committing and then provides four powerful reasons for why Christianity is true.

[Calvinism and the Problem of Evil](#) Kregel Publications

This is a book about the primacy and centrality of God and his unsurpassable presence, and what this means for the Church. The presence of God is the core, the sine qua non, of mere Christianity. God's presence is what is needed to win the day over the present powers of darkness. This book shows what it means for a church to be presence-driven, and what leadership looks like in the presence-driven church.

[True for You, But Not for Me](#) B&H Publishing Group

Contrary to what many philosophers believe, Calvinism neither makes the problem of evil worse nor is it obviously refuted by the presence of evil and suffering in our world. Or so most of the authors in this book claim. While Calvinism has enjoyed a resurgence in recent years amongst theologians and laypersons, many philosophers have yet to follow suit. The reason seems fairly clear: Calvinism, many think, cannot handle the problem of evil with the same kind of plausibility as other more popular views of the nature of God and the nature of God's relationship with His creation. This book seeks to challenge that untested assumption. With clarity and rigor, this collection of essays seeks to fill a significant hole in the literature on the problem of evil.

[What Would Jesus REALLY Eat?](#) Routledge

No one can read far in the Old Testament without encountering numerous acts of violence that are sanctioned in the text and attributed to both God and humans. Over the years, these texts have been used to justify all sorts of violence: from colonizing people and justifying warfare, to sanctioning violence against women and children. Eric Seibert confronts the problem of "virtuous" violence and urges people to engage in an ethically responsible reading of these troublesome texts. He offers a variety of reading strategies designed to critique textually sanctioned violence, while still finding ways to use even the most difficult texts constructively, thus providing a desperately needed approach to the violence of Scripture that can help us live more peaceably in a world plagued by religious violence. --from publisher description

*Living Radical Discipleship* Routledge

*Contending with Christianity 's Critics* is book two in a series on modern Christian apologetics that began with the popular *Passionate Conviction*. This second installment, featuring writings from eighteen respected apologists such as Gary Habermas and Ben Witherington, addresses challenges from noted New Atheists like Richard Dawkins (*The God Delusion*) and other contemporary critics of Christianity concerning belief in God, the historical Jesus, and Christianity 's doctrinal coherence. *Contending with Christianity's Critics* and *Passionate Conviction* are the result of national apologetics conferences sponsored by the Evangelical Philosophical Society ([www.epsociety.org](http://www.epsociety.org)).

The War of the Worlds Baker Books

What is the central theme of the Bible? Given the diversity of authorship, genre, and context of the Bible 's various books, is it even possible to answer such a question? Or in trying to do so, is an external grid being unnaturally superimposed on the biblical text? These are difficult questions that the discipline of biblical theology has struggled to answer. In this thoroughly revised and expanded edition of his classic *Toward an Old Testament Theology*, Walter Kaiser offers a solution to these unresolved issues. He proposes that there is indeed a unifying center to the theology and message of the Bible that is indicated and affirmed by Scripture itself. That center is the promise of God. It is one all-encompassing promise of life through the Messiah that winds itself throughout salvation history in both the Old and New Testaments, giving cohesiveness and unity to the various parts of Scripture. After laying out his proposal, Kaiser works chronologically through the books of both testaments, demonstrating how the promise is seen throughout, how the various sub-themes of each book relate to the promise, and how God 's plan to fulfill the promise progressively unfolds. Here is a rich and illuminating biblical theology that will stir the emotion and the intellect.

[A Debate on God and Morality](#) Everest Media LLC

A common objection to belief in the God of the Bible is that a good, kind, and loving deity would never command the wholesale slaughter of nations. Even Christians have a hard time stomaching such a thought, and many avoid reading those difficult Old Testament passages that make us squeamish. Instead, we quickly jump to the enemy-loving, forgiving Jesus of the New Testament. And yet, the question doesn't go away. Did God really command genocide? Is the command to "utterly destroy" morally unjustifiable? Is it literal? Are the issues more complex and nuanced than we realize? In the tradition of his popular *Is God a Moral Monster?*, Paul Copan teams up with Matthew Flannagan to tackle some of the most confusing and uncomfortable passages of Scripture. Together they help the Christian and nonbeliever alike understand the biblical, theological, philosophical, and ethical implications of Old Testament warfare passages. Pastors, youth pastors, campus ministers, apologetics readers, and laypeople will find that this book both enlightens and equips them for serious discussion of troubling spiritual questions.

A dramatic tension confronts every Christian believer and interpreter of Scripture: on the one hand, we encounter images of God commanding and engaging in horrendous violence: on the other hand, we encounter the non-violent teachings and example of Jesus, whose loving, self-sacrificial death and resurrection is held up as the supreme revelation of God 's character in the New Testament. How do we reconcile the tension between these seemingly disparate depictions? Are they even capable of reconciliation? Throughout Christian history, many different answers have been proposed, ranging from the long-rejected explanation that these contrasting depictions are of two entirely different 'gods' to recent social and cultural theories of metaphor and narrative representation. The Crucifixion of the Warrior God takes up this dramatic tension and the range of proposed answers in an epic constructive investigation. Over two volumes, renowned theologian and biblical scholar Gregory A. Boyd argues that we must take seriously the full range of Scripture as inspired, including its violent depictions of God. At the same time, we must take just as seriously the absolute centrality of the crucified and risen Christ as the supreme revelation of God. Developing a theological interpretation of Scripture that he labels a "cruciform hermeneutic," Boyd demonstrates how Scripture 's violent images of God are completely reframed and their violence subverted when they are interpreted through the lens of the cross and resurrection. Indeed, when read through this lens, Boyd argues that these violent depictions can be shown to bear witness to the same self-sacrificial character of God that was supremely revealed on the cross.

The Rationality of Theism Baker Books

Bestselling author and apologist takes on one of the most difficult questions Christians face. How can an omnipotent, loving God preside over a world filled with evil and suffering? The author's approach is concise, systematic, and clearly communicated, just what Geisler fans have grown to expect. In addition to relying on time-tested solutions to the problem of evil, the author also presents a compelling new way to think about this puzzle.

The Violence of Scripture First Avenue Editions™

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

What in Hell Conflicts with God? Wipf and Stock Publishers

Have you ever wondered why the same book (the Bible) which tells us not to kill contains so much God related killings? One source estimates that there could be as many as 25 million deaths attributed to God in the Bible. How can a God of love be responsible for so much bloodshed? Why is it that the chosen people of a God of love can be condemned for genocide, wars of conquest, plunder, slavery, religious intolerance, and bigotry? Is God a Moral Monster? Secrets Your Church Won't Tell You addresses these and other issues related to the God of the Bible and the people who claim to be his chosen ones. In this book you will discover:-Why atheists like Richard Dawkins, Christophe Hitchens and Sam Harris cannot be ignored by the Christian community-Why Church membership is on the decline worldwide-Why there is so much controversy about the authenticity of the various versions of the Bible-Why the free will argument weakens the position of apologists who believe that God is just and loving-Why Christians need to rethink the doctrine of eternal torment in hell. Leonard R Phillips is no atheist. He believes in a supreme being but he does not close his eyes to the compelling evidence presented so eloquently by the new atheists today. Yahweh as presented in the Old Testament could easily be classified as the most unpleasant character in literature. The author argues that Christian apologists, in their efforts to defuse the argument that God is not Great, must strike a balance between arguments about the existence of God and arguments about the goodness of God. God is under fire in the modern world. The end of faith is being predicted as more people buy into the God delusion argument. Christians cannot win the God debate simply by presenting reasonable arguments for his existence. Of greater importance is the presentation of arguments to offset the negative caricature of God presented in the Old Testament and by the new atheists.

The best stories subtly weave themes and characters and symbols into a stunning final tapestry. This Old Testament survey, written for family and classroom reading, reveals the rich weave that makes Scripture the Story of stories.

God Behaving Badly Fortress Press

How can we make sense of violence in the Bible? Joshua commands the people of Israel to wipe out everyone in the promised land of Canaan, while Jesus commands God's people to love their enemies. How are we to interpret

biblical passages on violence when it is sanctioned at one point and condemned at another? The Violence of the Biblical God by L. Daniel Hawk presents a new framework, solidly rooted in the authority of Scripture, for understanding the paradox of God's participation in violence. Hawk shows how the historical narrative of the Bible offers multiple canonical pictures for faithful Christian engagement with the violent systems of the world.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The New Atheism is a recent movement of god-deniers writing bestsellers. It's been said that the four horsemen of the Neo-atheistic apocalypse are Richard Dawkins, Sam Harris, Christopher Hitchens, and Daniel Dennett. #2 The Christian faith has an image problem, and it is largely due to the New Atheists. They have capitalized on the West's increasingly post-Christian status to tar all things religious with the same brush. But most people do not consider themselves atheists just because they have no church. #3 The New Atheists are right to point out that all religious believers are guilty of ignorance, immorality, and hypocrisy. They are also wrong to assume that their arguments against God's existence are intellectually rigorous. #4 The New Atheists are not willing to accept the positive influence of Christian faith in the world, and they refuse to acknowledge the atrocities committed in the name of atheism by Stalin, Pol Pot, and Mao Zedong.

The Case for the Resurrection of Jesus Zondervan

Hell has become the pink elephant in the room. No one wants to discuss this very real and very unpleasant topic. While blessings are at the top of everyone's conversation, God has been shouting from the heavens that something terrible could very possibly be awaiting. It is time to take the blinders off and come face to face with what God has been saying to His beloved creation on the topic of hell. If we take God at His word, and we should, it is clear that danger is ahead if the warnings are not heeded. God has been promulgating dire information about hell, and He is the absolute best source to do so. What in Hell Conflicts with God presents the authoritative information that God has promulgated to His people and the various methods He used to communicate. Many theologians and philosophers have tackled hell's doctrine, and all agree that it is problematic for most. The problem of hell is considered the most grotesque and gratuitous of moral evils, especially when the all-loving and all-powerful God is at the center of it. How do you reconcile the Omni-God with hell? Is God morally at fault for humans consigned to hell? The Divine Promulgation View of Hell responds to this hellish moral dilemma by detailing God's actions to prevent humans from such a terrible fate. What in Hell Conflicts with God reveals the actions taken and the lengths God has gone to prevent humans from eternal punishment. God has not left us to our wits; He has taken action. It is time to listen to what He has to say.
