Hello people I'm from Bulgaria and I'm new here. Last week I bought tractor Iseki TL 2500, we have not big traditions in our country for machines who are not made in USSR and I can't find user manual and I don't know how operate accurately with the machine.

And here is some information on how you can order some manuals directly from Iseki still, even today. They do not have all manuals as one poster (Who lives inside the USA) told me he tried this method but did not get manuals. I wonder if they will send manual to outside of the USA but not inside the USA?. Maybe only to where they once had dealers?
