The new edition of Amy Greenberg's *Manifest Destiny and American Territorial Expansion* continues to emphasize the social and cultural roots of Manifest Destiny when exploring the history of U.S. territorial expansion. With a revised introduction and several new documents, this second edition includes new coverage of the global context of Manifest Destiny, the early settlement of Texas, and the critical role of women in America's territorial expansion. Students are introduced to the increasingly influential transnational concept of settler colonialism, while maintaining a central focus on the ideological origins, social and economic impetus, and territorial acquisitions that fueled U.S. territorial expansion in the nineteenth century. Readers of the revised edition will also find an updated bibliography reflecting both the historiography of American expansion and its transnational context, as well as updated questions for consideration.

It's not often that someone stumbles into entrepreneurship and ends up reviving a community and starting a national economic-reform movement. But that's what happened when, in 1983, Judy Wicks founded the White Dog Café on the first floor of her house on a row of Victorian brownstones in West Philadelphia. After helping to save her block from demolition, Judy grew what began as a tiny muffin shop into a 200-seat restaurant-one of the first to feature local, organic, and humane food. The restaurant blossomed into a regional hub for community, and a national powerhouse for modeling socially responsible business. *Good Morning, Beautiful Business* is a memoir about the evolution of an entrepreneur who would not only change her neighborhood, but would also change her world-helping communities far and wide create local living economies that value people and place as much as commerce and that make communities not just interesting and diverse and prosperous, but also resilient. Wicks recounts a girlhood coming of age in the sixties, a stint working in an Alaska Eskimo village in the seventies, her experience cofounding the first Free People store, her accidental entry into the world of restaurantering, the emergence of the celebrated White Dog Café, and her eventual role as an international leader and speaker in the local-living-economies movement. Her memoir traces the roots of her career - exploring what it takes to marry social change and commerce, and do business differently. Passionate, fun, and inspirational, *Good Morning, Beautiful Business* explores the way women, and men, can follow both mind and heart, do what's right, and do well by doing good.

Once upon a time, he was everything to her, except for one thing: her future Christmas sparkles from every bough and window at the cozy Four Winds Ski Resort, where single mother Eden Kendall and her eight-year-old son are spending the holiday. She never imagined her son's ski instructor/Santa impersonator would be the gorgeous, charismatic dreamer she left behind years ago, the one who still owns a piece of her heart. Cole Hagan has never stopped loving Eden and he's spent the last eight years proving her wrong on every count about his potential. While he fights to save the

resort that he helped to build by organizing a holiday concert, he decides it's about time that Eden puts aside her list-making pragmatism so that she and her skeptical son can experience the true magic of Christmas.
