on demand
edition of a hard
to find
publication. The
fact that the
outcome of the
2006 Hezbollah-
Israeli War was,
at best, a
stalemate for
Israel has
confounded
military
analysts. Long
considered the
most
professional and
powerful army in
the Middle East,
with a history of
impressive
military victories
against its
enemies, the
Israeli Defense
Forces (IDF)
emerged from
the campaign
with its enemies
undefeated and

its prestige
tarnished. This
historical
analysis of the
war includes an
examination of
IDF and
Hezbollah
doctrine prior to
the war, as well
as an overview
of the
operational and
tactical problems
encountered by
the IDF during
the war. The
IDF ground
forces were
tactically
unprepared and
untrained to
fight against a
determined
Hezbollah force.
¿ An insightful,
comprehensive
examination of
the war. ¿
Illustrations.

Six Days in June

Simon and Schuster
The fourth edition
of this award-
winning account of
the conflict between
Israel and Palestine
for students and
general readers.

Fire in the Sky Penguin

The Israeli/Pales-
tinian conflict is
the longest on-
going hot-and-
cold war in the
20th and 21st
century. In this
book the author
argues that
human rights
standards are
the key to a just
and sustainable
solution and
that, tragically,
no one has ever
made serious

use of them in trying to end the conflict. The reader will have a comprehensive view of the conflict, its relationship to surrounding world events, and its similarities to and differences from other conflicts, especially those embedded in American race relations.

Israel's Secret Wars

University Press of Kentucky
This title surveys Israeli intelligence operations from the 1930s to the

Ostrovsky affair and describes relations with the American intelligence community.

Israel Is Real

Cambridge University Press

*** Winner of the 2013 Julian Minghi Outstanding Research Award presented at the American Association of Geographers annual meeting ***

Two decades after the fall of the Berlin Wall, why are leading democracies like the United States, India, and Israel building massive walls and fences on their borders? Despite predictions of a borderless world through globalization, these three countries alone have built an

astonishing total of 5,700 kilometers of security barriers. In this groundbreaking work, Reece Jones analyzes how these controversial border security projects were justified in their respective countries, what consequences these physical barriers have on the lives of those living in these newly securitized spaces, and what long-term effects the hardening of political borders will have in these societies and globally. Border Walls is a bold, important intervention that demonstrates that the exclusion and violence necessary to secure the borders of the modern state often undermine the very ideals of freedom and democracy the barriers are meant to protect.

A War of Words

Routledge

A new account of support for and opposition to Zionist aspirations in Palestine in the United States and Europe from 1945 to 1949.

Hollow Land Verso Books

Cambanis explains why Hezbollah has emerged as the most dangerous, apocalyptic, uncompromising enemy for Israel yet.

The Fifty Years War Simon and Schuster

The New York Times – bestselling author of Sweet and Low presents the “ oft-told saga of the Jews in a fresh and

engaging fashion ” (New York Times). In AD 70, when the Second Temple was destroyed, a handful of visionaries saved Judaism by reinventing it, taking what had been a national religion and turning it into an idea. Whenever a Jew studied—wherever he was—he would be in the holy city, and his faith preserved. But in our own time, Zionists have turned the book back into a temple, and unlike an idea, a temple can be destroyed. With

exuberance, humor, and real scholarship, Rich Cohen's Israel is Real offers "a serious attempt by a gifted storyteller to enliven and elucidate Jewish religious, cultural, and political history...A powerful narrative" (Los Angeles Times). A NEW YORK TIMES BOOK REVIEW EDITORS' CHOICE The War of Return Penguin UK The untold story of the Ya'mas, Israel's special forces undercover team that infiltrated Palestinian terrorist

strongholds during the Second Intifada. It was the deadliest terror campaign ever mounted against a nation in modern times: the al-Aqsa, or Second, Intifada. This is the untold story of how Israel fought back with an elite force of undercover operatives, drawn from the nation's diverse backgrounds and ethnicities--and united in their ability to walk among the enemy as no one else dared. Beginning in late 2000, as black smoke rose from burning tires and rioters threw rocks in the streets, Hamas, Islamic Jihad, and Arafat's Palestinian

Authority embarked on a strategy of sending their terrorists to slip undetected into Israel's towns and cities to set the country ablaze, unleashing suicide attacks at bus stops, discos, pizzerias--wherever people gathered. But Israel fielded some of the most capable and cunning special operations forces in the world. The Ya'mas, Israel National Police Border Guard undercover counterterrorists special operations units, became Israel's eyes-on-target response. Launched on intelligence

provided by the Shin Bet, indigenous Arabic-speaking Dovrim, or "Speakers," operating in the West Bank, Jerusalem, and Gaza infiltrated the treacherous confines where the terrorists lived hidden in plain sight, and set the stage for the intrepid tactical specialists who often found themselves under fire and outnumbered in their effort to apprehend those responsible for the carnage inside Israel. This is their compelling true story: a tale of daring and deception that could happen only in the powder keg of the

relationship with important allies and increases dangers that all states face from global jihadist terror. The publication of *The Israel Lobby and U.S. Foreign Policy* led to a sea change in how the U.S-Israel relationship was discussed, and continues to be one of the most talked-about books in foreign policy. Israel/Palestine Independently Published *Operation Protective Edge*, launched in early July 2014, was the third major Israeli assault on the Gaza Strip in six years. It was also the most

deadly. By the conclusion of hostilities some seven weeks later, 2,200 of Gaza's population had been killed, and more than 10,000 injured. In these pages, journalist Mohammed Omer, a resident of Gaza who lived through the terror of those days with his wife and then three-month-old son, provides a first-hand account of life on-the-ground during Israel's assault. The images he records in this extraordinary chronicle are a literary equivalent of Goya's "Disasters of War": children's corpses stuffed into vegetable refrigerators, pointlessly because the electricity is off; a family rushing out of their home after a phone call from the

Israeli military informs them that the building will be obliterated by an F-16 missile in three minutes; donkeys machine-gunned by Israeli soldiers under instructions to shoot anything that moves; graveyards targeted with shells so that mourners can no longer tell where their relatives are buried; fishing boats ablaze in the harbor. Throughout this carnage, Omer maintains the cool detachment of the professional journalist, determined to create a precise record of what is occurring in front of him. But between his lines the outrage boils, and we are left to wonder how a society such as Israel, widely-praised in the West as democratic and civilized, can visit

such monstrosities on a trapped and helpless population. Side by Side Harvest House Publishers War Against the People focuses on Israel's unique role in international affairs, highlighting how it promotes a global system of militarism and domestic control – a form of "global Palestine." Jeff Halper investigates how Israel exports the weaponry and techniques of occupation. He shows how it uses the West Bank and Gaza as a

"laboratory" for the development of these weapons, instruments of population control and models of permanent pacification. These are used not only to armies but internal security agencies and police forces as well. Halper locates Israel's system of pacification within the broader project of global "transcapital pacification." War Against the People provides a valuable window into the workings of pacification on a global level and the latest in military and

counter-insurgency doctrine, outlining critical aspects of global politics that activists often miss in their struggle for global justice. Inside Israel's Northern Command Macmillan + ORM Surveying the fallout of Israel's conduct in Operation Cast Lead, Noam Chomsky and Ilan Pappé place the massacre in Gaza in the context of Israel's long-standing war against the Palestinians." Israel in the Middle East Hurst & Company From Simon & Schuster, Israel's

Lebanon War is the first and only complete inside account of a disastrous military adventure and its ongoing consequences. A detailed narrative by two Israeli journalists on the origins, conduct, and political repercussions of the Lebanon war, based on previously unreleased documents and interviews with high officials. *Border Walls Pen and Sword Aviation In Israel/Palestine*, Reinhart traces the development of the Security Barrier and Israel's new doctrine of "disengagement," launched in response to a looming

Palestinian-majority population. Examining the official record of recent diplomacy, including United States – brokered accords and talks at Camp David, Oslo, and Taba, Reinhart explores the fundamental power imbalances between the negotiating parties and identifies Israel's strategy of creating facts on the ground to define and complicate the terms of any future settlement. In this indispensable primer, Reinhart's searing insight illuminates the current conflict and suggests a path toward change. *War Against the People Bold Type Books* In 'The War on Error', historian

and political analyst Martin Kramer presents a series of case studies, some based on pathfinding research and others on provocative analysis, that correct misinformation clouding the public's understanding of the Middle East. He also offers a forensic exploration of how misinformation arises and becomes "fact." The book is divided into five themes: Orientalism and Middle Eastern studies, a prime

casualty of the culture wars; Islamism, massively misrepresented by apologists; Arab politics, a generator of disappointing surprises; Israeli history, manipulated by reckless revisionists; and American Jews and Israel, the subject of irrational fantasies. Kramer shows how error permeates the debate over each of these themes, creating distorted images that cause policy failures. Kramer approaches

questions in the spirit of a relentless fact-checker. Did Israeli troops massacre Palestinian Arabs in Lydda in July 1948? Was the bestseller 'Exodus' hatched by an advertising executive? Did Martin Luther King, Jr., describe anti-Zionism as antisemitism? Did a major post-9/11 documentary film deliberately distort the history of Islam? Did Israel push the United States into the Iraq War? Kramer also questions paradigms—the "Arab Spring," the map of the Middle

East, and linkage. Along the way, he amasses new evidence, exposes carelessness, and provides definitive answers. A Privilege to Die The New Press Is the crisis in the Middle East hurtling toward the point of no return? Israel's prime minister, Benjamin Netanyahu, tells the U.N. that Iran could have nukes by spring. Iran's president, Mahmoud Ahmadinejad, has called for the end of the United States and Israel. Chaos is erupting throughout the region. Rumors abound of an impending Israeli first strike against Iran's nuclear program. Is war imminent? New

York Times best-selling author Joel C. Rosenberg looks at the events developing in the Middle East and asks the tough questions: Could Israel launch a preemptive strike at any moment? How might an Israel-Iran war set the Middle East on fire? What should we be watching for? Israel at War will help you understand what is happening right now behind the scenes in this volatile region—and how this high-stakes showdown could affect the future of the Middle East and the world. Understanding Israel/Palestine Presidio Press SIX DAYS IN JUNE How Israel Won the 1967 Arab-Israeli War Eric Hammel Distinguishe

d military historian Eric Hammel becomes the first chronicler of the 1967 Six Day War to unite the story of development of Israel's bold brand of military training and planning with a detailed narrative account of her breathtaking victories in Sinai, Jerusalem, The West Bank, and the Golan Heights. Unlike all earlier accounts of the 1967 war, Hammel's sweeping narrative describes how, from the early 1950s, the Israel Defense Force-Zahal-undertook a relentless and often visionary campaign to prepare for the inevitable war of national survival that, when it came, radically altered the Middle East and has profoundly influenced

international politics ever since. Israel's brilliant, innovative military thinkers developed extremely flexible strategies, operational plans, and battlefield tactics aimed at overcoming several large Arab forces with Zahal's much smaller army and air force. Zahal's innovations proved to be so effective and fundamentally sound that they established the norms of modern military planning and performance. Hammel decisively disproves the enduring myth that Israel's stunning 1967 victory was a "miracle" or a "fluke." He explains how, by necessity and in secret, a tiny Third-World nation developed a First-World military force that has become the envy of all the

nations of the world. Hammel is at his proven best when describing the actions of men at war. Six Days in June seamlessly meshes classic military history with the human drama of Israel's finest hour. Eric Hammel is the author of more than thirty-five highly acclaimed books on military affairs, including Chosin: Heroic Ordeal of the Korean War; Ace: A Marine Night Fighter Pilot in World War II; The Root: The Marines in Beirut; and Duel for the Golan: The 100-Hour Battle that Saved Israel. The 51 Day War HarperCollins The Israel Conflict in the Jewish Community. The Hundred

Years' War on Palestine Macmillan + ORM
