Comprehending as with ease as arrangement even more than other will offer each success. next-door to, the publication as competently as perspicacity of this Isuzu D201 Diesel Engine Specification can be taken as competently as picked to act.

Wayne. i have a thermo king/isuzu 2.2 d201 that i am ...  
cohippy: The Isuzu C201 was one of the engines that I looked at before I settled upon the Mercedes 2.4 liter for my own project.  
According to what I can find, the C201 is able to make something like 70 ft lbs of torque at 1800 rpm which equates to about 24 horsepower.

## Isuzu D201 Diesel Engine Specification

I finally have some pictures of the business end of the Isuzu refer engine. Even though these engines are D201, or 2.2L DI engines I really think they are the 'SE' engine. I bought an

old book (1985) on ebay and the details (fuel pump and flywheel) really match the 'SE' specs.

Now for some pictures.

Any ideas on adapting a single bearing ...

*2.2L Diesel Isuzu Specifications | It Still Runs*

The d201 was designed only for thermoking, and was designed very heavy duty, for example the pistons use 4 rings instead of the normal 3. I dont believe it shares much, if any, parts from the c series engines. The flywheel is 8 bolt like you said, the c201 is 6. I have a c240 I'll look and see what sae housing it is.
