Subjective VS Objective Difference And
Examples

Subjective things depend on your own ideas and opinions: there isn't any universal truth.

Subjective is the opposite of objective, which refers to things that are more clear-cut. That Earth has one moon is objective — it's a fact.

Whether the moon is pretty or not is subjective — not everyone will agree. Facts are objective, but opinions are subjective.

Confusion of Subjective and Objective Pronouns

A pronoun in a predicate nominative takes

the subjective, not objective, case: “ The last people at the party were Joe and I ” is correct. It may seem wrong, but that ’ s because the rule is ignored in most spoken English and in much written English as well, so we ’ re accustomed to hearing and reading the error.
