[Stefanie Wilder-Taylor] -- The author combines her trademark sarcasm and straightforwardness to present a hilarious collection of personal essays and stories that venture beyond motherhood and daycare.

My Reality Is Not Your Reality - The Best Brain Possible

The Subject Complement does not represent a new participant, as an Object does, but completes the predicate by adding information about the subject referent. For this reason, the Subject Complement differs from the Object in that it can be realized not only by a nominal group but also by an adjectival group (Adj.G), as illustrated in the previous examples.
